

BURY METROPOLITAN BOROUGH COUNCIL

Statement on Internal Control / Governance Statement 2006/07

1. SCOPE OF RESPONSIBILITY

Bury MBC is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. The Authority also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of the above.

In discharging this overall responsibility, the authority is also responsible for ensuring that there is a sound system of internal control which facilitates the effective exercise of its functions and which includes arrangements for the management of risk.

2. THE PURPOSE OF THE SYSTEM OF INTERNAL CONTROL

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives; it can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Council's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

The system of internal control has been in place at Bury MBC for the year ended 31 March 2007, and up to the date of approval of the annual accounts.

3. INTERNAL CONTROL / GOVERNANCE FRAMEWORK

The Authority has adopted a revised "Local Code of Corporate Governance" and recognises that effective governance is achieved through the following core principles:

- (i) Focussing on the purpose of the authority and on outcomes for the community including citizens and service users and creating and implementing a vision for the local area.
- (ii) Members and officers working together to achieve a common purpose with clearly defined functions and roles.
- (iii) Promoting the values of the authority and demonstrating the values of good governance through behaviour.
- (iv) Taking informed and transparent decisions which are subject to effective scrutiny and managing risk.

- (v) Developing the capacity and capability of Members to be effective and ensuring that officers – including the statutory officers – also have the capability and capacity to deliver effectively.
- (vi) Engaging with local people and other stakeholders to ensure robust local public accountability.

The table overleaf demonstrates how these core principles have been upheld during the year 2006/07.

4. STRATEGIC RISK MANAGEMENT

The Council has adopted a corporate risk management policy, and operates a fully integrated risk management system across the organisation. A web-based risk management toolkit is available to all levels of staff, enabling the production of risk registers which are reviewed on a quarterly basis.

Significant business risks that may impact upon the Council's priorities have been identified and mapped, and appropriate control measures are in place.

During 2006/07, the Council significantly strengthened its approach to the management of risk within partnership working arrangements as follows;

- Development of a Partnership Code of Practice
- Development of a Partnership risk management toolkit
- Development of a Partnership risk register (Bury MBC view)
- Development of shared Partnership Risk Assessment Model; for use by all principal partners.

5. REVIEW OF EFFECTIVENESS

Bury MBC has responsibility for conducting, at least annually, a review of the effectiveness of the system of internal control. This review is informed by the work of Internal Audit and the executive managers within the authority who have responsibility for the development and maintenance of the internal control environment, and also by comments made by the Council's external auditors and other review agencies and inspectorates.

The process of maintaining and reviewing the effectiveness of the system of internal control includes the following measures and actions:

- The Council has adopted a Planning and Performance Framework and carries out a programme of monitoring which runs throughout its annual cycle. This includes: monthly scrutiny of all budgets; bi-annual monitoring of Service Plans; quarterly monitoring of Best Value Performance Indicators/Local Public Service Agreement (BVPs/LPSA); and bi-annual monitoring of the Corporate Plan. Internal Audit reviews the effectiveness of the data collection processes that underpin the internal and external reporting of BVPs. Each summer the lead Members and officers hold a Strategic Forward Planning Event, in order to review performance and re-define corporate objectives and ambitions.
- The Executive carries out functions which are not the responsibility of any other part of the authority. Several members of the Executive are assigned portfolio areas, and are assisted by non Executive Members who are appointed Lead Member status for particular areas of responsibility. This allows the Executive to monitor the activities of the authority. Executive Members each have a specific Role Description setting out the responsibilities of their portfolio.

- There is a well established Overview and Scrutiny function which has been revised and updated in the light of experience. Scrutiny Commissions (policy development) and Panels (internal focus) review the work of the Council throughout the year and also report annually to Council.
- The Executive Directors have each reviewed the operation of key controls throughout the Council, from the perspective of their own directorates, using a detailed checklist. They have provided a signed assurance statement and identified any weaknesses or reservations for inclusion in an improvement programme which will form the basis of an action plan to this report.
- The Monitoring Officer carries out a continuous review of all legal and ethical matters, receiving copies of all agendas, minutes, reports and associated papers, commenting when necessary, or taking appropriate action, should it be required. The Monitoring Officer is also responsible for monitoring the Local Code of Corporate Governance.
- The Director of Finance and E Government prepares quarterly Risk Management reports reviewing activities and progress, and has reviewed the Local Code of Corporate Governance.
- The Standards Committee is responsible for standards and probity, and receives regular reports from the Monitoring Officer.
- The Audit Committee carries out an overview of the activities of the Council's internal and external audit functions. Members are provided with copies of all reports produced by Internal Audit and by the Audit Commission. They approve the annual plans for each, and receive regular progress reports throughout the year. The Head of Internal Audit submits to them an Annual Report and Opinion, and the external auditor (KPMG) submits an Audit and Inspection Annual Letter.
- The Internal Audit service is a directly employed in-house service, providing a continuous review in accordance with the Council's obligations under the Local Government Act 1972, and the Accounts and Audit Regulations 2006. It operates under the APB (Auditing Practices Board) Guidelines and CIPFA Code of Practice for Internal Audit in Local Government, as approved by the Audit Committee. The work of the Internal Audit section was reviewed by KPMG in March 2006 and assessed against the standards in CIPFA's Code of Practice for Internal Audit. It was found that the Section achieved nine out of the ten standards, and partially achieved the remaining one. An Action Plan to address KPMG's recommendations was approved by the Audit Committee.
- In November 2006, an internal review was undertaken using the Council's "Service Assessment" model to assess the effectiveness of Internal Audit; a requirement of the Accounts & Audit Regulations 2006. The service was found to be performing well, achieving a score of 141 out of 180.
- Similarly, in 2006, the Internal Audit Section subscribed to the CIPFA Internal Audit Benchmarking Club. An assessment of the service concluded that it achieved upper quartile compliance (85%) with the "CIPFA Code of Practice for Internal Audit in Local Government (2006)". An action plan has been developed to achieve 100% compliance in the future.

- The Council's external auditors (KPMG) review the activities of the Council and approve the annual accounts. Conclusions and significant issues arising are reported in their Report to those charged with governance.

The Audit Committee has been advised on the implications of the result of the review of the effectiveness of the system of internal control by the Authority, and a plan to address weaknesses and ensure continuous improvement of the system is in place.

6. EFFICIENCY / VALUE FOR MONEY

The Council prides itself on delivering quality services at an affordable price, and is recognised as being efficient.

During 2006, the Improvement and Development Agency (IDEA) undertook an "Efficiency Review" of the Council.

Whilst this review confirmed the position that the Council was operating efficiently, a number of action points were made to formalise this.

The Council responded to this by developing and implementing its "Efficiency Strategy", outlining how sustainable efficiency gains were to be realised.

The Audit Commission has recently published updated VFM profiles for the Council; once again these confirm the Council is operating efficiently, with most major service costs in the lower quartile, and the Council second lowest cost overall in its comparator group;

The cost of Housing Services remains a pressure, and this area is currently undergoing a budget review.

7. USE OF RESOURCES AUDITOR JUDGEMENT

In November 2006, the Council received its “Use of Resources” Auditor Judgement.

The assessment evaluates how well local authorities manage and use their financial resources, and focuses on the importance of having sound and strategic financial management to ensure that resources are available to support the Authority’s priorities and improve services.

The assessment concluded that Bury scored an overall 3 out of 4; “*consistently above minimum requirements – performing well*”. Individual scores are detailed overleaf, compared with the previous year;

Key Line of Enquiry	2005 Score	2006 Score
Financial Reporting	1	3
Financial Management	2	3
Financial Standing	2	2
Internal Control	2	2
Value for Money	3	3

An action plan has been developed to address specific recommendations raised, and to outline the necessary action to secure a maximum “level 4” at the next assessment.

8. SIGNIFICANT INTERNAL CONTROL ISSUES

The Effectiveness statement set out in section 5 above demonstrates that the Control Environment described in section 4 is operating effectively. Further evidence to support this conclusion comes from:

The Annual Report and Opinion by the Head of Audit and Risk Management stated “The effectiveness and security of local authority systems and controls are underpinned by the overall control framework. At Bury this is considered to be sound”.

The Annual Audit Memorandum / “Report to those charged with Governance” concluded;

- “That the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error”
- “The Council has made proper arrangements to ensure economy, efficiency and effectiveness in its use of resources for the year ending 31st March 2006 except in respect of putting in place arrangements for the management of its asset base.”

The Auditors raised performance improvement observations relating to the authority’s Accounts as follows;

Reconciliations

The Auditors raised a number of issues in respect of reconciliations; notably the bank reconciliation, and reconciliations between the General Ledger, Housing Benefits and Business Rates systems.

It was not possible to perform monthly reconciliations at the beginning of 2006/07, however the Council committed a large amount of staff time to resolving this issue during the year and a robust process is now in place to undertake reconciliations on a monthly basis going forward.

The amount written off in 2005/06 in respect of the bank reconciliation has been investigated and it is now possible to write back £232k to the General Fund.

Provisions

The Auditors requested a review of provisions made in the accounts, notably the "Bad Debt Provision". These amounts have been reviewed as part of the 2006/07 accounts closure process.

Employees in Higher Earnings Bands

The Auditors requested that this calculation should include "benefits in kind". The basis of the calculation has been revised accordingly for the 2006/07 accounts.

Looking Ahead - 2007/08

Looking forward to 2007/08, the Council is proactively responding to a number of challenges;

- The 2006/07 revenue outturn position is very encouraging; a net underspend of £2m, resulting in a strong position in terms of "financial standing" with balances of £5m. The historic pressures in respect of the Childrens' Services budget appear to have been resolved, however the Council now faces challenges in managing the Adult Services budget as client numbers, longevity, and expectations increase.
- The Council has made significant progress in addressing the requirement for a Local Pay Agreement, and this exercise must be completed during 2007/08.
- Good progress has been made in terms of formalising Partnership working arrangements, notably in respect of Risk Management. This momentum must be maintained during 2007/08.

This statement, and progress on the actions set out above is reviewed and monitored by the Management Board and the Audit Committee on a regular basis.
