1.0 BACKGROUND

- 1.1 The Executive approved the Council's Risk Management Policy and Strategy in March 2006 which is reviewed annually.
- 1.2 In 2011/12 risk management looked at strengthening the council's business continuity management across all service areas by ensuring a standard approach is undertaken and managed through a central database. 2011/12 also saw further work being undertaken to further raise awareness of the importance of risk and business continuity management in light of the economic recession and public service cuts and their impact upon service provision.
- 1.3 This report takes the form of an annual report on risk management activity that has taken place across the council and within each of the directorates.

2.0 IMPLEMENTING RISK MANAGEMENT

- 2.1 Risk management forms an integral part of strategic planning in the Council, ensuring early intervention and management of uncertainty in delivering key strategic priorities. The role of risk management in the Council's Financial and Forward Planning Cycle is at **Appendix A**.
- 2.2 Early intervention and assessment of risks ensures that departments are able to fully prepare for existing and emerging priorities, and manage their objectives effectively against financial, reputational and performance risks, whilst meeting the Council's Priorities.
- 2.3 This approach to risk management ensures a continuous and evolving process that runs throughout the council's core functional activities at all levels.

"Good risk management supports accountability, performance measurement and reward, thus promoting operational efficiency at all levels". A Risk Management Standard – Institute of Risk Management.

- 2.4 [Risk Assessment Action Plan Registers \(RAAP's\)](#) are used across departments to record identified risks and opportunities, and actions being taken. RAAP Registers as they are referred to throughout this report are used at all levels throughout the Council to record information and help manage Corporate, Departmental, and Operational risks.
- 2.5 RAAP's are an effective tool to identify, evaluate and manage areas of uncertainty and exploit opportunities at corporate, departmental and operational levels and to ensure achievement of the Council's aims and objectives.
- 2.6 The Council's risk management framework is outlined in summary below;
 - [An approved Corporate Policy & Strategy for Risk Management that can be read online or downloaded](#)
 - Corporate Risk Management Group (Member level)

- [Operational Risk Management Group \(Officer level\)](#)
- Establishment of a "Governance Panel" comprising the Executive Director of Resources, Assistant Director for Legal & Democratic Services, Assistant Director of Resources & Head of Internal Audit.
- Comprehensive Intranet Risk Management Website and Toolkit
- [Corporate Risk / Opportunity Assessment Action Plan Register](#)
- [Departmental Strategic Risk Assessment Action Plan Registers](#)
- Operational Risk Assessment Action Plan Registers – held by service managers and maintained as part of the day to day management of service provision
- [A Common Risk Register \(General good practice guide\)](#)
- Dedicated Risk Management Section – Operating from Strategic Finance alongside but independent from Internal Audit
- "Team Bury" risk management framework [Partnership Risk Assessment Model \(PRAM\)](#)

2.7 Also in place is an effective communication and risk reporting network, with regular reports to:

- Full Council (annual report)
- Star Chambers
- Audit Committee
- Strategic Leadership Team
- Corporate Risk Management Group (Members)
- Operational Risk Management Group (Officers)
- Business Continuity Management representatives
- All departments and Service Heads

2.8 The diagram at **Appendix B** has been drawn up to help demonstrate Bury Council's risk management processes, illustrating strategic and operational planning across the authority, also the delivery of service and the movement and reporting of risks associated with these two key risk drivers within each of the departments.

3.0 DEPARTMENTAL PROGRESS 2011/12

3.1 The tables at **Appendix C** summarise what progress has been made against departmental risks during 2011/12. The risk reference numbers do not run numerically one after the other as each risk event is allocated its own unique reference and risks may have been removed from the register as a result of successful management or re-categorised during quarterly reviews. Key issues are summarised below;

3.2 Childrens Services

2011/12 managed high risks focused upon;

- Funding issues
- Children & Young People in Care
- Safeguarding mechanisms
- Assessment & inspection regimes

Despite some success during 2011/12, the department is still highlighting a number concerns reflected by the final quarters result.

3.3 Adult Care Services

2011/12 managed high risks focused upon;

- Growing demands from increasing population
- High cost packages coming through from Children Services
- Demands exceeding available resources
- Self Directed Support costs
- Implementation of new ICT systems
- Increase in judicial reviews
- Sickness absence levels
- Staff recruitment and retention
- Market failure/capacity and ability to facilitate new types of social enterprise
- Changes to NHS
- Ineffective partnership working
- Alternative service provision offered
- Target number of housing units not delivered

Despite some success during 2011/12, the department is still highlighting a number concerns reflected by the final quarters result.

3.4 Environment & Development Services

2011/12 managed high risks focused upon;

- Town Centre Regeneration & other development opportunities
- Ongoing budget pressures
- Impact of the economic recession on income streams
- Capital resources

The focus for the department following the final quarter review is on the current economic climate and its impact upon income streams resulting in departmental and corporate objectives becoming more challenging to achieve.

3.5 Chief Executives

This final quarter review highlights 2 medium risks for the Chief Executive's Department centred around the development of an effective framework to deliver the "Plan for Change" in response to the wide range of challenges and opportunities facing Local Government and maximising opportunities using technologies.

4.0 **CORPORATE RISKS**

- 4.1 [The Corporate RAAP](#) records the council's most significant risks which are reviewed continually by the Strategic Leadership Team – both through quarterly reviews, and as agenda items in their own right. The Corporate Risk Register takes account of risk management activity taking place across departments allowing for the transfer of high risk and also of known future risk.

- 4.2 Member input is sought throughout the year via the Corporate Risk Management Group, and quarterly reports to the Audit Committee.
- 4.3 The table overleaf tracks the status of corporate risks throughout 2011/12.
- 4.4 The table at **Appendix D** aligns the Council's most significant risks as at 31st March 12 against the Councils' Priorities and Team Bury Ambitions.

Ref	Risk Event	SLT Member	Impact (New)	Likelihood (New)	Quarter 1 Status	Quarter 2 Status	Quarter 3 Status	Quarter 4 Status	Measures
1	The potential liability facing the Council in respect of Equal Pay significantly weakens the Council's financial position	Mike Owen/Steve Kenyon	2	2	9	9	9	4	Risk substantially addressed as settlements have now been reached and are being implemented
2	There is no robust financial strategy or change management strategy to address effectively the significant funding reductions that the Council faces over the next 3 years and beyond in order to ensure there is a sustainable and balanced budget	Steve Kenyon	3	2	16	12	9	6	MTFS in place. 2012/13 - 2014/15 Budget & Plan for Change approved. Monitoring arrangements in place - Programme Board, Star Chambers etc..
3	The budget fails to reflect the Council's priorities, evidence based by consultation with residents and other stakeholders	Mike Owen/Steve Kenyon	2	2	9	6	6	4	Budget now in place, based upon extensive consultation exercise
4	The budget strategy fails to address emerging issues, e.g. demographic and legislative changes	Mike Owen/Steve Kenyon	3	2	9	6	6	6	Monitoring of emerging budget pressures to continue on a monthly basis

5	The budget strategy does not reflect, or respond to, national policy developments, e.g. Local Government Finance Review / potential changes to the Business Rates regime.	Mike Owen/Steve Kenyon	3	3	9	9	9	9	Impact of proposed changes to funding regime being assessed; lack of final guidance means risk remains high.
6	The Workforce Development Plan fails to reflect the future shape of the Council; ensuring appropriately qualified / experienced staff are in the "right place at the right time".	Guy Berry	2	2	6	6	6	4	WFDP now approved
7	The Council's asset base is not operated to its maximum effect to deliver efficiency savings and ensure priorities are fulfilled. Ineffective use of assets presents both a financial and a performance risk.	Mike Owen	2	3	8	8	8	6	Asset Management Plan now in place
8	The Council needs to be prepared for the impact of the Localism Bill; this presents both opportunities, e.g. power of competency, and risks e.g. referenda	Ruth Fairhurst	3	2	8	8	9	6	Localism Act now in place giving increased certainty

9	The Council fails to comply with the continuing demands of the "Transparency Agenda" - publishing information around spend etc.	Mike Owen/Steve Kenyon	3	1	3	Risk Removed			Publicised financial data on the Council's Website & FOI Publication Scheme and service in place
10	The amount of money received from the NHS to manage public health is insufficient to meet the performance outcomes expected by Government	Pat Jones-Greenhalgh	3	2	6	6	6	6	Officer groups established jointly with PCT to oversee transition process
11	The Council fails to manage the expectations of residents and service users in light of funding reductions.	Ruth Fairhurst	3	2	9	9	9	6	Widespread consultation on Plan for Change & review of Township Forums

5.0 CHALLENGES FOR 2012/13

5.1 The challenge for the coming year will be to ensure risk and business continuity management form an integral part of the council's response to continued spending reductions, ensuring threats and opportunities to service provision is managed effectively and service resilience is maintained throughout.

5.2 The following areas will be our main priority for 2012/13:

- Ensuring risk and business continuity management forms an integral part of service planning, performance and the delivery of objectives.
- Building upon the work started by Management Board (now Strategic Leadership Team) where key corporate risks are considered in depth alongside the quarterly review process.
- Continuing to raise Member involvement in risk management and business continuity.
- Maintaining the BC Planning Database to ensure it maintains good quality information relating to service priorities and their continuity arrangements.
- Continuing to strengthen risk management arrangements in key strategies such as the Medium Term Financial Strategy, the Workforce Development Strategy, the Asset Management Strategy, and the Transformation Strategy.
- Continuing the development of risk reporting and monitoring processes.
- Strengthening risk management arrangements at operational level and with partnership arrangements.
- Ensure risk management focus is widened to better understand, manage and take advantage of opportunity risk as well as managing potential risk threats
- Benchmarking with other public and private sector organisations
- Strengthen service resilience against disruption through effective risk and business continuity management.
- Establishing a framework for Business Continuity Management across partnership activity
- Aligning the quarterly reporting of risk, performance and the Council's financial position.

6.0 CONCLUSIONS

Considerable progress continues to be made in the area of risk management and in embedding the approach to risk management into the authority's processes and culture. However there is no room for

complacency and this subject will continue to be given significant attention over the coming twelve months.
