# Welcome to Bury West Township Plan

---

Thank you for taking the time to read the Bury West Township Plan. This document provides details on how we plan to tackle some of the local issues we face as a community.

Over the past months, we have had round table discussions at Township forum meetings where Councillors, Community representatives and other members of the public were present and able to give us their views and share ideas. From this, and other statistical information, we have been able to identify our priority areas for the next three years.

This plan outlines how we will continue to make progress towards the vision for our Township to promote better outcomes for the social, health, economic, and environmental well being of people within our community

Despite the challenging economic climate we continue to strive for improvement, working together with our communities and partner agencies such as the Council, Police and Fire service, health services, faith groups and so on. We have a strong, dedicated, skilled and committed partnership that is working on a range of projects to help us deliver our priorities and improve the quality of life for residents in our community.

Bury Council has a number of key outcomes that underpin its work; delivery of this plan will support these outcomes.

- Reducing poverty and its effects
- Supporting our most vulnerable residents
- Making Bury a better place to live
- One Council, One success together

We would like to thank all our partners and residents for their continued efforts in supporting the Township Forum and the important work it does for the community of Bury West.

Cllr Michael Hankey  
**Chair,  
Bury West  
Township Forum**

# Who we are and what we do

Bury West Township Forum welcomes those who live, work, or have an interest in the area. The forum meets at local venues such as community centres, churches and schools. These meetings are public meetings and we strongly encourage everyone to come along. Discussions are fed back to Bury Council and its partners for appropriate action.

Bury West Township Forum is a constituted council committee consisting of all the elected members representing our area and a co-opted advisory group of local representatives from voluntary organisations and community groups. There are up to nine members on each Advisory Group and a place is also reserved for a young persons' representative.

The Forum empowers our communities, promotes the debate of local issues and brings decision making closer to our residents. It seeks to harness the many strengths and assets we have in place here in Bury West, including local groups, strong community networks, talented young people, charities and voluntary groups, to work through these issues as a strong and committed partnership.

# Some facts about Bury West

---

**Demography:** Bury has a population of 185,100. Of these, approximately 21,158 live in Bury West. Bury West has an older population profile than Bury overall, with fewer under 35 year olds. Bury West has the 3<sup>rd</sup> highest life expectancy for women (82.1 years) of all the Bury Townships and the 2<sup>nd</sup> lowest life expectancy for men at 76.9 years.

**Deprivation:** In terms of measuring deprivation, England is split into small areas called lower super output areas (LSOA). Each LSOA represents approximately 1500 residents. Deprivation is measured over 7 domains: income, employment, health, disability, education and training, barriers to housing and services, living environment and crime. In England there are 32,482 LSOA. In the borough of Bury there are 120 LSOA. Each LSOA is given a ranking, with 1 being most deprived.

Daisyfield is the most deprived LSOA in Bury West. It is within the 25% most deprived in the country overall. Chantlers is the least deprived LSOA in the township, which is within the 15% least deprived LSOA in the country.

**Closing the gap:** Bury West is generally seen as an affluent area; however, there are clearly pockets of deprivation and inequalities, which adversely affect the life chances of many people who live in them. These inequalities between our neighbourhoods mean poorer health, lower levels of education and skills, higher crime and unemployment for people living in these areas. The Township Plan aims to help close the gap so that the lives of those in the most deprived areas are improved.

**Our Assets:** Bury West is a popular place to live, it has some beautiful parks and green spaces including Burrs County Park and Activity Centre, with active and enthusiastic friends groups to ensure that these spaces are well maintained. There are active Tenants and Residents Associations and an Allotment Society that are well represented on the Township Forum.

Bury West Township Forum aims to promote better outcomes for the social, health, economic, and environmental well being of people within our community.

We can achieve this by working together to achieve a number of key outcomes:

# Together we can achieve more!
