JOINT AUTHORITY QUESTIONS

Councillor Pickstone – Committee for Greater Manchester Transport

Will the Authority's representative on T4MC join me in welcoming the improvements undertaken at Metrolink stations on the Bury Line? Could they inform members if the works at Heaton Park Metrolink station are considered to be finished?, or will someone be coming soon to complete the painting?

See attached Response

Councillor Pickstone – Committee for Greater Manchester Transport

Will the Authorities representative on T4GMC inform members of the plans for secure cycle storage at Metrolink stations on the Bury Line? At present the small number of lockers provided appear to be permanently locked with no bicycles in them, despite cycle storage being advertised on Metrolink's website.

See attached Response

Councillor O'Hanlon – Greater Manchester Police Authority

Could the Authority's representative on Greater Manchester Police Authority update members on the total cost of the dinner to be held at the Lowry Hotel to mark the end of the Police Authority?

Response from GMPA

It was always our plan to have an event to mark the end of the Police Authority, which has served Greater Manchester for the past 25 years. However, now that we have had all of our responses for next week's dinner it is clear that the date doesn't suit a large number of people, and on that basis we have decided the best option is to cancel.

Unfortunately, time constraints mean we will not be able to rearrange the event.
