

**COUNCIL**  
**3 JULY 2013**

**NOTICES OF MOTION**

The following Notices of Motion have been received:-

**1. Alcohol Pricing Policy**

"With no rationale or explanation on why the Government has decided to renege on its commitment on minimum pricing, this Council concludes that the intense lobbying from the alcohol producers has been prioritised over public health.

This Council recognises the public health benefits and reduced pressure on health and social care minimum unit pricing could bring and asks the Government to reconsider its u-turn on this policy."

**2. Town Centre Car Parking**

"This Council appreciates the financial burdens placed on this Borough by the calamitous state of the nation's finances created by the previous Labour Government. However, we also understand the needs of businesses in our town centre to attract shoppers and improve our local economy.

We therefore propose to allow free parking for an hour in all Council "Pay and Display" areas within our town centre. We also propose to reverse all Council Sunday car parking charges in our town centre.

The shortfall from parking income can be accommodated within the Council's "Golden Financial Rules" by utilising on-going efficiency savings in the revenue budget."
