CA.08 PLAN FOR CHANGE – DESTINATION MANAGEMENT

A report by the Cabinet Member for Leisure, Culture and Tourism was submitted outlining the Council's co-ordinating and enabling role in Destination Management for the borough. The report set out proposals for new arrangements to support this area of work and requested approval to the proposals for consultation with stakeholders. A final revised report will be brought back to a future meeting of Cabinet for approval.

Delegated decisions:

1. That approval be given to consult on proposals about how the council can support destination management in the future. The consultation will invite comments from stakeholders on the proposals for a new Destination Management function for the council.
2. That it be noted that a final report, noting the comments and suggestions as a result of the consultation exercise, will be submitted in due course for approval. At that time employees will be fully consulted in accordance with the agreed procedures in respect of any implications related to their employment conditions.

Reasons for the decision:

The Plan for Change provides a starting point for the Council to consider the efficiency and effectiveness of the services it provides.

Other option considered and rejected:

To reject the recommendation.

(Note: Councillor Gartside voted against the decision.)
