

BURY METROPOLITAN BOROUGH COUNCIL
ENVIRONMENT & DEVELOPMENT SERVICES

PLANNING CONTROL COMMITTEE

20 April 2010

SUPPLEMENTARY INFORMATION

Item:01 JLT House, Brook Street, Radcliffe M26 2PQ Application No. 52136
Outline planning application for the erection of 20 no. two/three-storey houses in four blocks and a four-storey block of 10 no. apartments

Ecology - There is a possibility that the site may have ecological benefit for otters that have been seen within the River Corridor. As such, it is suggested that a planning condition be imposed requiring further investigation and mitigation if evidence is found.

20. No development shall commence unless and until a survey for otters has been conducted and a report submitted and approved in writing by the Local Planning Authority, demonstrating any evidence found of such species using the site. Where evidence of otters using the site is found, mitigation measures shall be formulated into the report and the approved measures shall be incorporated into the site incorporating all measures of the nature of mitigation and timing of implementation.
Reason - To scope presence of otters that may have or be using the site pursuant to PPS9 - Biodiversity and Geological Conservation.

Item:02 Black Moss Farm, Bolton Road, Radcliffe, Manchester, M26 3QG
Application No. 52224
Demolition of storage/workshop buildings; Erection of block of 7 terraced houses and associated parking area

Publicity

A third petition containing 6 signatures has been received, objecting to the proposal. 9 objection letters have been received from the occupiers of 2 Black Moss Court; 387, 435 Bolton Road; 5 Great Hall Close; 8 Ladythorn Drive; 4 Near Hey Close; 21, 23 Stopes Road; 5 William Street, which have raised the following issues:

- No need for the proposed housing, which would spoil the views.
- Impact on highway issues and access.
- The area already suffers from road traffic accidents
- Where would the bins be collected from?
- Proposed development would block views from nearby houses.
- There are bats present in the locality.
- Impact on residents during construction.
- Proposed development would cause light and noise pollution.
- Scale and height of the proposed development is unacceptable.
- The proposed dwellings will be taller than the existing buildings.
- No need for more terraced houses.

The objectors have been notified of the Planning Control Committee.

All of the issues raised have been addressed in the main report.
