

Details of Enforcement Appeal Decisions

between 03/11/2011 and 13/01/2012

Location: A J Mobile Zone, 129 Rochdale Road, Bury, BL9 7BA **Case Ref:** 0318 / 11

Issue: Erection of a Roller Shutter

Appeal Decision: Dismissed 16/12/2011

This was a joint Appeal with application reference 54291. New solid roller shutters had been erected on the shopfront without the benefit of permission.

We now encourage all shops to have the 'open' brick bond type shutters which allow the shop interior to be viewed when they are close which has benefits both in crime prevention (as any intruders can be seen) and the appearance of the street.

The owner has already been in discussions with our enforcement team and he is intending to replace the existing shutter with a 'brick bond' style shutter in the next 8 weeks.
