Welcome to Whitefield and Unsworth Local Community Plan

Thank you for taking the time to read the Whitefield and Unsworth Township Plan. This document provides details on how we plan to tackle some of the local issues we face as a community.

Over the past months, we have had round table discussions at Township forum meetings where Councillors, Community representatives and other members of the public were present and able to give us their views and share ideas. From this, and other statistical information, we have been able to identify our priority areas for the next three years.

This plan outlines how we will continue to make progress towards the vision for our Township to promote better outcomes for the social, health, economic, and environmental well being of people within our community

Despite the challenging economic climate we continue to strive for improvement, working together with our communities and partner agencies such as the Council, Police and Fire service, health services, faith groups and so on. We have a strong, dedicated, skilled and committed partnership that is working on a range of projects to help us deliver our priorities and improve the quality of life for residents in our community.

Bury Council has a number of key objectives that underpin its work; delivery of this plan will support these objectives.

- Reducing poverty and its effects
- Supporting our most vulnerable residents
- Making Bury a better place to live
- One Council, One success together

We would like to thank all our partners and residents for their continued efforts in supporting the Township Forum and the important work it does for the community of Whitefield and Unsworth.

Councillor Ken Audin Chair, Whitefield and Unsworth Township Forum

Who we are and what we do

Whitefield and Unsworth Township Forum welcomes those who live, work, or have an interest in the area. The forum meets at local venues such as community centres and schools. These meetings are public meetings and we strongly encourage everyone to come along. Discussions are fed back to Bury Council and its partners for appropriate action.

Whitefield and Unsworth Township Forum is a constituted council committee consisting of all the elected members representing our area and a co-opted advisory group of local representatives from the business community, voluntary organisations and community groups. There are up to nine members on each Advisory Group and a place is also reserved for a young person's representative.

The forum empowers our communities, promotes the debate of local issues and brings decision making closer to our residents. It seeks to harness the many strengths and assets we have in place here in Whitefield and Unsworth, including local groups, strong community networks, talented young people, charities and voluntary groups, to work through these issues as a strong and committed partnership.

Some facts about Whitefield & Unsworth

Demography: Bury has a population of 183,800. Of these, approximately 29,660 live in Whitefield and Unsworth.

Of the population of Whitefield and Unsworth, 69% are Christian. 11.6% are Jewish and 16.5% have no religion or do not say what religion they are.

Deprivation: In terms of measuring deprivation, England is split into small areas called super output areas (SOA). Each SOA represents approximately 1500 residents. And deprivation is measured over 7 domains: income, employment, health, disability, education and training, barriers to housing and services, living environment and crime. In England there are 32 482 SOAs. In the borough of Bury there are 120 SOAs. Each SOA is given a ranking, with 1 being most deprived.

Whitefield and Unsworth has 3 super output areas in the top 10% for England. 2 of these are concentrated in Besses ward and one in Unsworth (bordering the Besses Ward). Conversly. Stand and Outwood are within the 15% least deprived SOAs in the country.

Closing the gap: Although Whitefield and Unsworth is generally seen as an affluent area, there are clearly pockets of deprivation and inequalities, which adversely affect the life chances of many people who live in them. These inequalities between our neighbourhoods mean poorer health, lower levels of education and skills, higher crime and unemployment for people living in these areas. The area plan aims to close the gap so that the lives of those in the most deprived areas are improved.

Our Assets: Whitefield and Unsworth has much to be proud of, it is a popular place to live, it has some beautiful parks and green spaces, and active and enthusiastic friends groups to ensure that these spaces are well maintained. The area is diverse and the interfaith group in Whitefield celebrates the different religions and cultures. Whitefield business group is a very active group, encouraging new businesses and helping existing ones to thrive. The business group actively promotes and leads on local events such as the Halloween festival. There are also thriving sports clubs, uniformed organizations, and active Tenants and residents groups that are well represented on the township forum, so all in all there is a lot to be celebrated in this area.

Whitefield and Unsworth Township Forum aims to promote better outcomes for the social, health, economic, and environmental well being of people within our community.

We can achieve this by working together to achieve a number of key outcomes:

Together we can achieve more!

Key Outcomes:

Our Plan will contribute to the following outcomes:
