BWTF. DOW LANE
327

The Bury West Township Forum considered a verbal presentation from the Assistant Director, Operations, Department for Communities and Neighbourhoods, with regards to Dow Lane Park.

The Assistant Director reported that the Council has had to make significant savings to the grounds maintenance budget. As a result of which, the Council have agreed that some park areas would not continue to be as heavily maintained and instead would be naturalised. In respect of Dow Lane

the Council have reached an agreement with a local farmer to remove the grass cuttings and reduce the number of times the grass is cut.

The Assistant Director reported that he had visited this park this week and the park compares well, with other parks in the local areas. The Assistant Director reported that it would however, be necessary to undertake some ground stabilisation work.

The Assistant Director reported that the Council employs seasonal gardeners in the majority of its parks and the number of gardeners has been reduced.

Questions were invited from those present at the meeting and the following points were raised:-

Mr.Griffin, a member of the public reported that Dow Lane Park has had its funding cut from £6000 to £3000, a significant and disproportionate amount of money. There are a number of broken fences and the footpaths have been reduced in size. There also continues to be a problem with large holes in the footpaths caused by horses and no park benches.

The Assistant Director reported that in the east field the Council are considering separating and segregating the bridal path, to alleviate some of the problems caused by horses on the public footpath.

The Assistant Director reported that a number of parks across the Borough had established 'friends of' groups and that residents of Dow Lane may consider doing the same.

Councillor Walker asked that the legal position in relation to the bridal path at Dow Lane Park be clarified.

Mr. Griffin submitted a petition to Democratic Services on behalf of members of the public.

It was agreed:

1. The Council would consider progress in relation to work on Dow Lane Park at a future meeting of the Township Forum.
2. The legal status of the bridal path in Dow Lane Park would be clarified.
3. Democratic Services would register the Dow Lane Park petition submitted on behalf of members of the public and residents of the Dow Lane Park area.

BWTF. DRAFT LOCAL FLOOD RISK MANAGEMENT STRATEGY

329

The Township Forum received a presentation from Fran Smith, Senior Planning Officer, Planning Policy and projects. The presentation provided an overview of Bury's First Local Flood Risk Management strategy.

The Strategy is a document that contains various policies that will be used as the basis for making decisions on flood risk management. The Document sets out the roles and responsibilities of risk management within the Borough.

The Senior Planning Officer reported that the Strategy would aim to improve the understanding of flood risk from all sources in Bury and manage the likelihood of flooding within the Borough.

The Senior Planning Officer reported that she wanted to ensure that the Council's analysis of flood risk matches local experience.

Questions were invited from those present at the meeting and the following points were raised:-

The Senior Planning Officer reported that responsibility for surface water flooding had transferred from the Environment Agency to the Local Authority. There are no concerns in relation to surface water flooding in the Bury west Township Area.

The area surrounding Our Lady of Lourdes had been identified as a potential area of concern, and this would be investigated further.

Councillor Frith left the meeting.

The Senior Planning Officer reported that a planning application would only be allowed in a flood plain in exceptional circumstances. Every development above a hector would have to undergo a flood risk assessment.

Members of the public expressed concern in relation to disused, under ground water culverts around the site of an old paper mill in Church ward. The Senior

Planning Officer asked members of the public to get involved and complete comment cards as part of the consultation process.

The senior Planning Officer reported that the consultation on the Draft local Flood Risk Management Strategy would run from the 2nd September until the 14th October 2013.

It was agreed:

The Senior Planning Officer be thanked for her attendance.

The Township Forum Co-ordinator undertook to obtain a reply to matters which could not be dealt with at the meeting.

- A Member of the public raised concerns that the speed limit on Bury/Bolton road had not been reduced from 40pmh to 30mph. The Assistant Director reported that changes to speed limits were being coordinated at a Greater Manchester level and this is causing delays in implementation within Bury.

It was agreed:

BWTF. WHITEHEAD PARK

Document Pack Page 5

stipulate that the Residents Association must in the first instance raise £20,000. The Residents Association would like to use the money for children's play area, improved footpaths, fitness equipment, sensory garden and water feature.

Mr.McGarry reported that the Residents Association would meet with Viridor again in September to discuss the funding.

It was agreed:

Representatives from Brandlesholme Residents Association would provide members of the Township Forum with a further update in relation to Whitehead Park at a future meeting.

BWTF. PURPECK PARK

333

Lesley Marsh informed members of the Township Forum of a Community Café she is trying to establish within the Pavilion at Purpeck Park. The purpose of the café is to provide a social centre that is an affordable facility, run by volunteers and owned by the community.

The Community Café would be self funding and dependent on interest could be further developed to include additional activities. The café would provide volunteering opportunities for children/young adults on the autistic spectrum. Lesley Marsh raised concern that as part of the development of the Pavilion she is being asked to self manage the Bowling Green at an additional cost to the venture.

It was agreed:

A representative from the Communities and Neighbourhoods Department would liaise with Lesley Marsh to discuss the Pavilion at Purpeck Park and the development of a business case.

Welcome to Bury West Township Plan

Thank you for taking the time to read the Bury West Township Plan. This document provides details on how we plan to tackle some of the local issues we face as a community.

Over the past months, we have had round table discussions at Township forum meetings where Councillors, Community representatives and other members of the public were present and able to give us their views and share ideas. From this, and other statistical information, we have been able to identify our priority areas for the next three years.

This plan outlines how we will continue to make progress towards the vision for our Township to promote better outcomes for the social, health, economic, and environmental well being of people within our community

Despite the challenging economic climate we continue to strive for improvement, working together with our communities and partner agencies such as the Council, Police and Fire service, health services, faith groups and so on. We have a strong, dedicated, skilled and committed partnership that is working on a range of projects to help us deliver our priorities and improve the quality of life for residents in our community.

Bury Council has a number of key outcomes that underpin its work; delivery of this plan will support these outcomes.

- Reducing poverty and its effects
- Supporting our most vulnerable residents
- Making Bury a better place to live
- One Council, One success together

We would like to thank all our partners and residents for their continued efforts in supporting the Township Forum and the important work it does for the community of Bury West.

Cllr Michael Hankey
**Chair,
Bury West
Township Forum**

Who we are and what we do

Bury West Township Forum welcomes those who live, work, or have an interest in the area. The forum meets at local venues such as community centres, churches and schools. These meetings are public meetings and we strongly encourage everyone to come along. Discussions are fed back to Bury Council and its partners for appropriate action.

Bury West Township Forum is a constituted council committee consisting of all the elected members representing our area and a co-opted advisory group of local representatives from voluntary organisations and community groups. There are up to nine members on each Advisory Group and a place is also reserved for a young persons' representative.

The Forum empowers our communities, promotes the debate of local issues and brings decision making closer to our residents. It seeks to harness the many strengths and assets we have in place here in Bury West, including local groups, strong community networks, talented young people, charities and voluntary groups, to work through these issues as a strong and committed partnership.

Some facts about Bury West

Demography: Bury has a population of 185,060 (2011 Census Data), of these, approximately 21,809 live in Bury West. Bury West has an older population profile than Bury overall, with fewer under 35 year olds. Bury West has the 3rd highest life expectancy for women (82.4 years) and men (80.0 years) of all the Bury Townships.

Deprivation: In terms of measuring deprivation, England is split into small areas called lower super output areas (LSOA). Each LSOA represents approximately 1500 residents. Deprivation is measured over 7 domains: income, employment, health, disability, education and training, barriers to housing and services, living environment and crime. In England there are 32,482 LSOA. In the borough of Bury there are 120 LSOA. Each LSOA is given a ranking, with 1 being most deprived.

Daisyfield is the most deprived LSOA in Bury West. It is within the 25% most deprived in the country overall. Chantlers is the least deprived LSOA in the township, which is within the 15% least deprived LSOA in the country.

Closing the gap: Bury West is generally seen as an affluent area; however, there are clearly pockets of deprivation and inequalities, which adversely affect the life chances of many people who live in them. These inequalities between our neighbourhoods mean poorer health, lower levels of education and skills, higher crime and unemployment for people living in these areas. The Township Plan aims to help close the gap so that the lives of those in the most deprived areas are improved.

Our Assets: Bury West is a popular place to live, it has some beautiful parks and green spaces including Burrs County Park and Activity Centre, with active and enthusiastic friends groups to ensure that these spaces are well maintained. There are active Tenants and Residents Associations and an Allotment Society that are well represented on the Township Forum.

4.0 Small Grants Panel 2013/14

Bury Council has an annual allocation of £84,100 plus any residual funding from the previous years Community Fund (for 2012/13 £4,646.41) for the Small Grant's Fund. The current funding priority is to encourage and support grass-root community activity. This means small, community-based and locally controlled groups that manage themselves, encourage active participation from volunteers, and have minimal cash reserves and limited access to funding support.

The final round of funding for this financial year closes on 6th January and the Panel will meet on 24th January 2014. Application forms for the new round of funding in January are available from Liz Saunders 0161 253 6357 or e.saunders@bury.gov.uk
