It was explained that this issue would have to be discussed away from the Township Forum as it wasn't relevant to the work of the Township Forum.

BETF. 175 BURY PUBLICATION CORE STRATEGY – NOTIFICATION OF FORTHCOMING CONSULTATION

Michael Whitehead, Planning Officer attended the meeting to report on the forthcoming consultation on Bury's Core Strategy.

Bury East Township Forum 9 July 2013

It was explained that the Core Strategy was a document containing various policies that will be used as the basis for making decisions on future planning applications; sets out how much development the borough needs to accommodate to 2029 and broadly, the locations where these developments could be focused; identifies areas of the borough where built development will be restrained; includes a series of Development Management Policies which will include criteria for assessing specific development proposals e.g. setting out what will be required in the design and layout of new developments; and, includes Township Frameworks which draw out the main areas of the Core Strategy as they affect each Township.

Michael explained that the key issues and aims for Bury East were:-

- Regeneration
- Employment
- Housing
- Retail
- Tourism and Culture

The consultation on the Strategy was due to run from 2 August to 13 September 2013 and all comments would be submitted to the Secretary of State to be considered during an Examination stage.

Copies of the Strategy and the supporting documents will be available at the Town Hall, Planning Office at Knowsley Place and in most public libraries and also on the Council website.

The timescales involved were also explained:-

- December 2013 - Submission to the Secretary of State.
- March 2014 – Examination expected
- September 2014 – Adoption of the Strategy

Those present were given the opportunity to ask questions and make comments and the following points were raised:-

- Mr Ainsworth asked how much the whole exercise was costing the Council.

Michael explained that he wasn't able to provide this figure at the meeting but he would make sure that it was reported to Mr Ainsworth and the Forum would be advised at their next meeting.

- Councillor Rothwell explained that the document was very important and he felt that the consultation period was short for such an important issue.

It was explained that the work on the document had commenced a number of years previously and there had been several consultation periods throughout this time. It was also reported that the timing of

the consultation had been pushed back so that it hadn't covered the whole of the summer.

- Mr Ainsworth referred to the number of empty shops in the Town Centre and asked whether this issue was taken into consideration.

It was explained that where possible the empty properties would be offered to any interested parties first before new developments were considered.

- Mr Ainsworth also asked what the percentage was of empty shops in the Town Centre.

Michael explained that he didn't have this information available.

It was agreed:

That Michael be thanked for his presentation

It was reported that the document examined police recorded anti social behaviour and domestic incidents as well as residents' perceptions taken from neighbourhood surveys which were also conducted by the police.

It was reported that a further evaluations would be carried out over the following 12 months to access the scheme in more detail.

Dave also reported that the application forms would be sent out to all local providers to invite them to bid for funding for the following year.
