The Township Forum received a presentation from the Deputy Leader of the Council, Councillor John Smith, and the Assistant Director of Resources setting out details of revised financial savings requirements for 2014/2015 along with details of how the proposed savings will be met. The presentation provided a breakdown of internal savings that would contribute towards the additional £2.2m savings target for 2014/2015.

With regard to 2015/2016, the Leader of the Council outlined the scale of the challenge facing the Council that would mean £16m being cut from the budget. In planning for this, the Leader explained that the aim would be to minimise the effect on residents and employees but stressed that all options would need to be explored, including:

Whitefield and Unsworth Township Forum 19 November 2013

- Service Changes closures and/or a reduced range of services
- Explore alternative ways of delivering services
- Increased waiting times and/or reduced quality of service
- Severe limits to what the Council can afford to do
- Review how the Council is structured.

Questions and comments were invited from the Township Forum and members of the public present at the meeting and the following issues were raised:

- Councillor Vincent referred to the removal of the Council Tax discount for over 65's which had resulted in an overall 6.8% rise in council tax for this group of residents. The Deputy Leader explained that with such a large scale reductions in Government grant, the Council were unable to continue with the discount. It was further explained that the scale of the cuts would mean wholesale changes in how the Council will be able to deliver services.
- In response to a question from Sharon Bannister relating to the Carelink Service, the Deputy Leader recognised the value of the service but explained that it would be required to be self financing. An undertaking was given to provide further details to Mrs Bannister.
- Mr Marshall sought assurances that the Council would still meet the necessary statutory requirements in terms of service delivery. The Assistant Director explained that the requirement to fulfil certain statutory functions would remain and it was necessary to look at the most efficient way of delivering these services.
- In response to a question from Pam Taylor concerning the Manchester Airport dividend, the Assistant Director reported that assumptions were factored into the budget setting process.
- John Mallon enquired about how the funding formula from central government was applied in respect of Bury. The Deputy Leader explained that historically Bury had always been disadvantaged by the way the formula was applied. The Deputy Leader reported that the Council would continue to lobby for a fairer allocation of funding and referred to the Fair Deal for Bury Campaign.
- Derek Boden highlighted the negative effect on staff morale of the cuts being imposed ideologically from central government.

#### It was agreed:

That the Deputy Leader and Assistant Director of Finance and Resources be thanked for their attendance.
