WUTF.457 PARIS TERRORIST ATTACK

Following the terrorist attacks in Paris on 13 November 2015, the Chair (Councillor Jones) asked the meeting to stand for a minute silence in respect for those people who had been lost their lives or were injured.

WUTF.458 DECLARATIONS OF INTEREST

No declarations of interest were made in relation to any items to be considered.

WUTF.459 MINUTES**Delegated decision:**

That the Minutes of the meeting held on the 8 September 2015 were approved as a correct record and signed by the Chair.

WUTF.460 POLICE UPDATE

The Township Forum received an update on Police matters in Whitefield and Unsworth. Inspector Ben Cottam (GMP) attended the meeting and provided statistics on crimes committed since the last meeting.

The following statistics were given:

- burglary (dwelling) – 19
- burglary (other) – 11
- criminal damage/arson – 23

Whitefield and Unsworth Township Forum 17 November 2015

- vehicle offences – 20
- assaults (with injury) - 16
- assaults (without injury)-17

Inspector Cottam was asked if figures relating to domestic violence and hate crime would be included. It was reported that all crime statistics for Whitefield and Unsworth and Greater Manchester were available to view on the Greater Manchester Police website.

Inspector Cottam informed the members present of local PCSO's who had recently gone to St. Bernadette's RC Primary school to give a presentation. Visits had also taken place to cub groups to give talks on crime prevention.

Operation Treacle

The meeting was informed that the recent Operation Treacle joint initiative involving GMP and GM Fire and Rescue Service had targeted anti-social behaviour and firework safety during the Halloween and bonfire night period. The initiative had operation had been a success with no increase in the reports of anti-social behaviour made since 2014.

PACT meetings update

Inspector Cottam reminded the meeting that PACT meetings would take place one hour before each township forum meeting. Also to make PACT meetings more accessible to the wider community, GMP would be contactable on social media, for during specific times, using Twitter and Facebook to ask questions.

Operation darker nights

This is a high profile initiative focused on crime prevention in Bury. The initiative focuses on crime prevention, vehicle crime and Homewatch advice. In addition mobile police stations will be deployed in Bury town centre to provide crime prevention advice. There will also be an increase in the number of police officers on trams and at local Metrolink stations.

Paris Terror Attacks

The meeting was informed that there was no intelligence at this time to suggest there would be a terrorist threat in Manchester or the country as a whole. The current terror alert level is at 'severe' and this would remain in place. Inspector Cottam also stated that if a terror attack were to take place, there were concerns that GMP would not be in a position to react at the same level as the emergency services in Paris due to current resource levels. Members of the public were advised to stay vigilant.

The Chair then invited questions.

Parking on Park Lane

Vehicles are being parked on the pavement on Park Lane while training sessions take place on the adjacent field. Can something be done to raise awareness of the danger this can cause to blind people and other pedestrians.

Whitefield and Unsworth Township Forum 17 November 2015

The local authority can take enforcement action on vehicles parking on the pavement. PCSO contact will be passed on to help raise awareness.

The meeting was also told that photographs can be taken of vehicles parked on the pavement and they can be passed on to the police. Also if a resident confronts a driver regarding their parking and the driver becomes abusive then this can also be reported.

Inspector Cottam made that point that driver's also park on the pavement in order help make more space on the road and reduce the chances of a collision.

Parking on Wingate Drive

Drivers are parking their vehicles along Wingate Drive and this has prevented some residents who live there from leaving their homes. Also an emergency ambulance was held up trying to answer a call.

Empty building

Could something be done to prevent access and anti social behaviour taking place in the old spiritualist church in Whitefield? There is an electricity sub-station next to the building and there is a danger of fire if the building is not made secure.

The chair thanked Inspector Cottam for his attendance and his presentation.

WUTF.461 FIRST BUS - UPDATE

The Township Forum received an update form First Bus (Dave Rutherage) on services for the Whitefield and Unsworth area since the last meeting of the Township Forum. It was reported that he changes promised at the last meeting had been implemented on 25 October. However, it was not possible to introduce a service to the medical centre at Pilsworth at this time.

Mr Rutherage reported that the traffic congestion in Manchester was the worst it had ever been. Services were running on average between 20 minutes and 1hr 20mins. It was not possible to improve this situation because of the highways work taking place on the main roads, which remained closed. Diverting services to avoid road works in order to improve service times was not an option because resulted in diverting congestion to another area. The time taken to provide services was also having an impact on drivers who were required to take a 30 minute break after driving for a period of 5 hours.

97/98 Service – The services had been re-timed to give added flexibility for service users in Radcliffe and Whitefield. This has been reflected in user statistics.

First Bus want to propose changes to the current timetable to improve services but this is not yet possible until approval had been obtained from the

Transport Commissioner. Make changes to services on the day was also not possible because passengers require advanced notice and it is not possible to contact them individually.

Whitefield and Unsworth Township Forum 17 November 2015

Reference was made to the terror attacks in Paris and passengers were asked to be vigilant and mindful of anything suspicious and to inform the driver of the vehicle. The bus company was promoting the 'HOT' principle (**H**idden, **O**bvious, **T**ypical). There had been no indication of bus vehicles being targeted.

The Chair thanked the representatives from First Bus for their attendance and invited them to a future meeting of the Township Forum for further updates.

The Chair invited questions.

Older residents on Hillock Estate who use the bus were waiting over an hour for a bus to arrive, what can be done to improve the service?

Unfortunately there isn't a workable solution to help this situation. A suggestion was made that passengers could use the Smart App which is available to download to mobile phones which can advise where the bus is and the time it is likely to arrive at a stop.

Do bus drivers sometimes miss stops intentionally?

Yes a bus driver will sometimes miss a stop in order to make up time on a route. When a stop is missed it will be recorded at the depot.

When will Corporation Street in Manchester reopen to traffic?

The advice given states that the road will reopen in December 2015, however the original date was April 2015.

If First Bus is unable to provide a service is it likely that the company will lose passengers as they look for a alternative transportation.

This has not been the case so far. The First Bus marketing team is currently looking at advertising to attract people to use the bus.

In view of the local councillors who represent the Council on TfGM, why is it that local people, who will be affected by the planned works to the highway and Metrolink, are not consulted in advance?

Operators hold weekly meetings with TfGM and local authorities to discuss bus services. Unfortunately it appears that Manchester Council and Salford Council don't communicate with each other on a lot of the lower level highways works they have planned that impact on traffic flows across the two city centres and the surrounding authorities.

Councillor Grimshaw reported that an issue was raised at a meeting of the Hollins Village Association regarding a bus driver that had hidden the ticket machine and allowed passengers onto the bus. Why doesn't First Bus come to speak to passengers about services and what is needed before it makes decisions which sometimes are not good for everyone?

Bus drivers don't always scan bus passes because not all passes have a chip and won't register. Drivers can enter a pass manually but this method will not

be accepted by TfGM and revenue won't be passed to First Bus. There is currently a 92% recording rate for bus passes.

It is not acceptable for the driver to hide the ticket machine and this would be investigated, however the ticket app on the ticket machine programme has slowed the machines ability to register passes. Tickets sometimes take up to 15 seconds to register and drivers may be concerned that registering a lot of passes will make the service run late.

First Bus will attend the next Township Forum (5 January 2016) to consult bus users on proposals for Sunny Bank and Hollins Brow.

It was agreed:

1. That the update be noted.
2. That First Bus be invited to the next meeting of the Township Forum to discuss bus service planning for the Sunny Bank and Hollins Brow areas.

WUTF.462 UPDATES

Whitefield Town Hall site

Following consultation with the head of planning development there are updates to report at this time.

Hickory grange

Concern was expressed regarding the state of hickory grange. The site is situated between two schools and is in a derelict state after building had stopped. The site was considered dangerous for anyone getting onto the site. The suggestion was made that the Council should issue an enforcement notice to the owner of the site to either complete the building work or to clear the site. It was reported that that the owner of the site was recently declared bankrupt.

Councillor Wiseman reported she and Councillor Mallon were involved with the matter. The meeting was informed that the Council was not in position to make a compulsory purchase order of the site and the administrator involved was unwilling to spend any further money on the completion or clearing of the building work.

It was agreed:

That the updates be noted.

WUTF.463 Trees update

Les Beardmore, arborist for bury council attended the meeting to answer questions about tree related matters. An outline of the work of the Council's tree services was given and an idea of the scale of work across the borough.

Les stated that the Council is inundated with tree requests and there is currently an 8 month backlog for tree stump removals and other tree services. The team was small and was split between larger jobs across the borough and smaller jobs (panic growth on highways) and sometimes

Whitefield and Unsworth Township Forum 17 November 2015

struggled to meet the demand for its services. These included highways, 6 Town Housing establishments and schools within the Bury.

The Chair invited questions.

The meeting was informed that following a request made at the Township Forum for the removal of tree stumps on Thorpe Street and Nipper Lane work had been carried out to remove the stumps and to reinstate the parts of the highway affected by tree roots. Thanks were given to the officers for the work carried out and to the effectiveness of the Township Forum. The pavements were now hazard free areas.

Mrs Garner referred to tree roots belonging to the Council that were blocking the drains on her property. She had been advised to contact a specialist to get the DNA of the tree concerned in order to get the Council to admit liability of ownership. Mr Beardmore advised that a claim would need to be put to the Council's insurance officer and then checks would be made on the ownership of the tree roots.

Councillor Mallon had been involved with the matter and asked if making a legal challenge to the Council could be avoided so financial resources were not wasted.

Mr Beardmore suggested making an appointment with the Customer Contact office and he would visit Mrs Garner.

Mrs Heyworth asked if arrangements could be made to cut back trees at All Saints School.

Mr Beardmore reported that each school controlled its own budgets and were responsible for the maintenance of trees and could buy in the Council services or private contractor.

Mr Beardmore was asked when the work to the trees on Hollins Play Area would be carried out. It was reported that the work would take place before the end of March 2016.

Could the Council look at cutting back tree branch growth for trees on Bury Road in Radcliffe which were extending onto the highway.

Mr Beardmore was asked the name of the trees located on Manchester Road. It was reported that the trees were called 'Hornbeams'.

The chair thanked Mr Beardmore for his attendance.

WUTF.464 TOWNSHIP PLAN UPDATE

An updated Township Plan was submitted.

It was agreed:

That the updated Township Plan be noted.

WUTF.465 PUBLIC QUESTION TIME

The Chair invited questions from the members of the public present about the work or performance of the Council or Council's services relevant to the Whitefield and Unsworth area.

Mrs Marshall reminded the Township Forum of the issue she had raised regarding repairs to the war memorial at Stand Church. Since then Mrs Marshall reported that she had carried out research on the memorial and with the help of Councillor FitzGerald tabled a question at a meeting of Council. The outcome of this has been the repair of the memorial in time for Remembrance Sunday and Bury Council has asked for her help in applying for grants from the Manchester Diocese.

Mrs Marshall thanked the Township Forum for listening and providing her with the contacts in the Council to take the matter forward to see Whitefield have its memorial successfully restored.

- Mr Greenalgh informed of the potential amalgamation of the Aldi and McDonalds car parks. Bury Council owned half of the car park with the rest owned privately. The issue had been raised with the Council's Highways Section and a response is yet to be received.
- Porada Restaurant – an area outside the restaurant had been made into a car park without planning permission from the Council. Councillor Mallon reported that parking in Whitefield was a major concern and it was important to ensure that residents and businesses are supported. Local Councillors are seeking a review of the parking in Whitefield to ensure the sustainability of businesses. It was understood that a retrospective planning application could be submitted and as with the planning process objections could be submitted. Residents did not accept the response and considered that a stronger stance should be taken to prevent other businesses taking land without agreement. The car park is within a Conservation Area.
- A planning application for a wind turbine at Whitefield Golf Club had been rejected by the Planning Control Committee.
- A new chemist had been given approval to open for the Besses area.
- The floral displays in Whitefield were not as good as the displays in Radcliffe this year.
- The time for crossing on the green man at the pedestrian crossing between Ringley road and church lane is too short and needs to be extended.
- Flooding on Sunnybank for the last 2 years yet nothing is being done about it. Also, the resident complained that sailor brow has been quite untidy recently.
- Customers using the KFC restaurant in Prestwich were backing up and causing traffic jams.
- Taxi rank parking cars outside their office (situated on the main road). This is causing increased congestion on bury new road. The resident
-

asked for a consultation between the council and the owners to stop the company taxis from parking there.

- Issues raised at previous meetings by Mr Knight.

WUTF.466 WHITEFIELD AMBULANCE STATION

A copy of a letter from Councillor Kerrison was submitted regarding a proposal to close the Ambulance Station Whitefield with the service to relocate to the Manchester Fire and Rescue Service facility located .8 miles away.

It was agreed:

That the information be noted.

WUTF.467 FUNDING REPORT

A copy of the funding report was submitted on decisions taken to fund requests from local groups.

It was agreed:

That the Funding report be noted.

Whitefield & Unsworth Township Forum: Issues raised 17/11/15

	Raised by	Item Raised at Open Forum	Action by	Action
1	Mr Marshall	Hickory Grange demolition order. Can you check with planning on compulsory purchase and what the process is given ownership changed. Needs completion notice as clearly untidy and a dangerous site.	Cllr Wiseman Cllr Mallon	Cllr Wiseman & Cllr Mallon agreed to report back at future meetings
2	Mrs Marshall	In 2011 I asked who was responsible for the war memorial. With help of Cllr Fitzgerald tabled question at full council asking Cllr Connolly for the work to be done to the memorial. Worked with Tom Buggie and Helen Blythe and given them research for grants. Works finished 2015 just before Remembrance Sunday. Found a prayer from 5 Feb 1921 which Rev Alison Hardy presented dedication. I would like to say thank you to the Forum. It is a great place to get things done that matter to you. Gave me a piece of research which I thoroughly enjoyed. I encourage people to come to the Forum, have your say. If don't agree with information, persuade Council and work together.		Noted.
3	Mr	Has there been any progress with the		Things are slow, however myself and Cllr Whitby are

	Greenhalgh	Aldi car park site?		<p>having regular meetings with McDonalds and Aldi management. They are looking to improve the car park areas they are responsible for. Bury own 1/2 the car park and now working with business to get resurfaced etc.</p> <p>Cllr Mallon</p>
4	Christine North	Issue of Porada taking over plot of land next to restaurant. Would prefer it was Council owned public car park.		<p>Still being worked through Council. We are proposing a Parking Strategy for Whitefield. Last thing we want is to see the A56 as a drive thru and boarded up shops. The piece of land next to Porada could bring in income by 2020 the Council needs to be self sufficient. We need to be saving money rather than going to court by protecting the budget and making the right decisions. It is a tough decision, but the income could go towards safeguarding and vulnerable services.</p> <p>Cllr Mallon</p>
	Resident	Agree. Setting the benchmark. What Porada have done is wrong. Other businesses could do the same. If Council sell the land, they should put trees up as a boundary.		

Mrs Marshall Porada area is on the edge of the All Saints conservation area. Just outside the boundary. Even if small part of car park within conservation area you can't do what you like.

Mr Marshall Church Lane entrance has been open space. Regardless of financial decision, what is to stop someone from doing the same on the other side? Sell for houses etc.? Isn't this an urban design consideration?

Even if outside the conservation area it is directly next to it and affects the conservation area.

Pam Taylor Agree. This is land grab. This will be seen as taking a precedent. Need to look at boundaries of the conservation

Conservation area boundaries are available to view online at www.bury.gov.uk/index.aspx?articleid=11498. Porada restaurant and car park are within the All Saints Conservation Area boundary.

There will be no pensions and</p>	Parking dept	<i>Please see response below in item 11.</i>

11	John Knight	<ol style="list-style-type: none"> 1. Why don't parking enforcement officers work this area? 2. Why don't they work the same hours as the Police did? They took this job over from the police and as far as we know, only work 9 to 5. People know that they can get away with anything, as per photos previously submitted. 3. How many enforcement officers in Bury, broken down by Township Forums? 4. What hours do they work? 5. Can serious consideration be given to my suggestion about having self-employed parking wardens? 	Parking dept	<p>I will ask NSL for additional enforcement within residents only zones in Whitefield. However I can confirm that the area is attended on a regular basis by the number of complaints/appeals we receive from residents & appellants alike. There have been 125 pcns issued (for the residents only zone at Hamilton Road) in 2015 to 31st October to support the previous statement.</p> <p>The residential areas that are not Residents Only zones are only enforced if there are restrictions to enforce such as double yellow lines. NSL do not enforce general parking matters if there is no restriction.</p> <p>Because Whitefield is such a concentrated area for restrictions the enforcement is already carried out by vehicle & scooter. There are 2 enforcement shifts (7am-4pm & 10am-7pm) Monday-Saturday which covers the Residents Only parking of 8am-8pm Monday-Saturday.</p> <p>Enforcement is carried out by 12-14 CEOs deployed daily over the 2 shifts but the Borough is split into a number of areas for enforcement and not by Township.</p> <p>There is no intention to recruit self-employed CEOs and certainly not to pay them via an incentive scheme. This would lead to the Council being accused of creating PCN targets which is not the aim of Traffic Management Act 2004 (TMA 2004).</p> <p>John Foudy</p>

12	John Knight	I attended the September planning meeting. Taxis are parking on double yellow lines with bars and on the pavements - Photographic evidence and a PDF report sent to Councillor Whitby. Welcome to Whitefield & Unsworth Local Community Plan

Thank you for taking the time to read the Whitefield and Unsworth Township Plan. This document provides details on how we plan to tackle some of the local issues we face as a community.

Over the past months, we have had round table discussions at Township forum meetings where Councillors, Community representatives and other members of the public were present and able to give us their views and share ideas. From this, and other statistical information, we have been able to identify our priority areas for the next three years.

This plan outlines how we will continue to make progress towards the vision for our Township to promote better outcomes for the social, health, economic, and environmental well being of people within our community.

Despite the challenging economic climate we continue to strive for improvement, working together with our communities and partner agencies such as the Council, Police and Fire service, health services, faith groups and so on. We have a strong, dedicated, skilled and committed partnership that is working on a range of projects to help us deliver our priorities and improve the quality of life for residents in our community. Bury Council has a number of key outcomes that underpin its work; delivery of this plan will support these outcomes:

- Reducing poverty and its effects
- Supporting our most vulnerable residents
- Making Bury a better place to live
- One Council, One success together

We would like to thank all our partners and residents for their continued efforts in supporting the Township Forum and the important work it does for the community of Whitefield and Unsworth.

David Jones

Councillor David Jones
Chair, Whitefield & Unsworth Township Forum

Who we are and what we do

Whitefield and Unsworth Township Forum welcomes those who live, work, or have an interest in the area. The forum meets at local venues such as community centres and schools. These meetings are public meetings and we strongly encourage everyone to come along. Discussions are fed back to Bury Council and its partners for appropriate action.

Whitefield and Unsworth Township Forum is a constituted council committee consisting of all the elected members representing our area and a co-opted advisory group of local representatives from the business community, voluntary organisations and community groups. There are up to nine members on each Advisory Group and a place is also reserved for a young person's representative.

The forum empowers our communities, promotes the debate of local issues and brings decision making closer to our residents. It seeks to harness the many strengths and assets we have in place here in Whitefield and Unsworth, including local groups, strong community networks, talented young people, charities and voluntary groups, to work through these issues as a strong and committed partnership.

Some facts about Whitefield & Unsworth

(Demographic information changed June 2015 to reflect 2011 census data)

Demography:

Bury has a population of 186,527. Of these, approximately 29,955 live in Whitefield and Unsworth. Of the population of Whitefield and Unsworth, 60.5% are Christian, 11.4% are Jewish, 3.5% Muslim, and 23.2% have no religion or do not say what religion they are.

Deprivation:

In terms of measuring deprivation, England is split into small areas called super output areas (SOA). Each SOA represents approximately 1500 residents. And deprivation is measured over 7 domains: income, employment, health, disability, education and training, barriers to housing and services, living environment and crime. In England there are 32 482 SOAs. In the borough of Bury there are 120 SOAs. Each SOA is given a ranking, with 1 being most deprived.

Whitefield and Unsworth has 3 super output areas in the top 10% for England. 2 of these are concentrated in Besses ward and one in Unsworth (bordering the Besses Ward). Conversely, Stand and Outwood are within the 15% least deprived SOAs in the country.

Closing the gap:

Although Whitefield and Unsworth are generally seen as an affluent area, there are clearly pockets of deprivation and inequalities, which adversely affect the life chances of many people who live in them. These inequalities between our neighbourhoods mean poorer health, lower levels of education and skills, higher crime and unemployment for people living in these areas. The Town Plan aims to close the gap so that the lives of those in the most deprived areas are improved.

Our Assets:

Whitefield and Unsworth has much to be proud of, it is a popular place to live, it has some beautiful parks and green spaces, and active and enthusiastic friends groups to ensure that these spaces are well maintained, including the hugely popular Eden Garden Allotments who stage regular educational open days and sell produce grown on site. The area is diverse and the interfaith group in Whitefield celebrates the different religions and cultures. There are also thriving sports clubs, uniformed organizations, and active tenants and residents groups that are well represented on the Township Forum, so all in all there is a lot to be celebrated in this area.

Whitefield and Unsworth Township Forum aims to promote better outcomes for the social, health, economic, and environmental well being of people within our community.

We can achieve this by working together to achieve a number of key outcomes:

Together we can achieve more!

Key Outcomes:

Our plan will contribute to the following outcomes:

- Improved Health and Wellbeing
- Improved Employment Opportunities
- Educational Attainment/Learning
- Community Safety
- Community Pride and Belonging.

Making a difference

We will measure our performance as follows:

- We will monitor the action plans which support delivery of these outcomes (updated action plans will be shared at each meeting)
- Bi-annual performance reports in relation to the above outcomes (presented to our Township Forum).

Everybody's involved

Our Township Plan has been drawn together in a number of ways. We have used our knowledge of local people's priorities to focus on those issues which matter most to local people.

Outcome: Improved Employment Opportunities

Besses Ward has 6.1% job seeker allowance claimants. Of the 263 JSA claimants in Besses ward, 115 are youth claimants – this is the 4th highest in the Borough. Seeking and getting to work may mean travelling outside the immediate area, and poor transport links to some employment sites makes it difficult.

	Pre-work training and confidence building	Adult Learning Job Centre Plus	Training delivered locally	Ongoing
	Encourage/promote training courses, apprenticeships, jobs	Township Coordinator	Wider promotions	

Outcome: Improved Educational Attainment/Learning

Whitefield and Unsworth, like the rest of the Borough have great schools with dedicated staff. However there is evidence to show that there is a link between children on free school meals and low attainment levels, and an ultimate link to youth unemployment.

ISSUE What needs to be achieved	ACTIONS/OUTPUTS How can we work towards addressing the issue?	LEAD AGENCY Who should take responsibility?	MILESTONE	By when?
Support for residents whom English is not their first language	Promote and support for courses led by Children's Centres and Adult Learning	Whitefield HUB children's centre Adult Learning		Ongoing
Establish sessions in new provision and engage most hard to reach	Children's Centre involvement for adult/parent information.	Whitefield HUB children's centre		Ongoing

Bury Council Township Forum Report

The Council has allocated £8,000 to each Township Forum to be allocated through a sub group of the Township forum four times a year in June, September, November and March. A maximum of £250 individual grant is available for formally constituted organisations.

Additionally, a borough-wide allocation of £8,000 is available for "cross-ward" applications for activity that takes place across more than one ward. The "cross-ward" applications are determined by the Council's Small Grants Panel.

Organisations applying for funding should be running projects which address at least one of the following priorities or one of those detailed in the Township plans:

- Improved employment opportunities
- Improved Community and Safety
- Improved Health and Well being
- Learning Opportunities for local residents
- Community Cohesion, Community Pride and belonging
- Environmental improvements

This report details the applications received to date including the October round of funding. The first round of applications was approved by the Small Grants Panel as there was insufficient time to form sub group of the Township Forums before the applications had to be approved. .
