RTF.241 DECLARATIONS OF INTEREST

There were no declarations of interest made at the meeting.

RTF.242 MINUTES**It was agreed:**

That the Minutes of the last meeting of the Township Forum held on 5 July, 2016 be approved as a correct record and signed by the Deputy Chair.

Matters Arising

Minute RTF.87: a member of the public present asked why a number of the 'Concerns for Radcliffe' listed in the minutes were not also listed as key 'priorities' for Radcliffe. The Township Co-ordinator explained that the lists minuted formed the feedback from the groups present at the last meeting who were taking part in the round table discussions. The information collated from the round table discussions would be presented at the Radcliffe Community Event being held on 1st October.

RTF.243 FUTURE URGENT CARE PROVISION

Dr Victoria Moyles and Margaret O'Dwyer, representing NHS Bury CCG gave a presentation on the current work with Stakeholders and engagement with the public to support the configuration of the Urgent Care services in Bury. A review of current service provision had concluded that the system was disjointed, had areas of inequality and supported duplication of some services in Bury. It was reported that the new model of service provision would not be about saving money but was about public engagement, ensuring that investment in services were being made in the right areas in order to provide a more simpler and efficient service. The presentation focused on the following key areas:-

Radcliffe Township Forum, 13 September 2016

An explanation of what constitutes Urgent Care Services;
The key reasons why the CCG needs to redesign Urgent Care Services in Bury;
The CCG's vision for Urgent Care Services;
What national guidance suggests;
What the proposed model of service provision 'might' look like and why it would be better for patients;
The implications for existing services;
How the public can have their say on the proposals.

The Chair invited questions/comments and representations from members of the public present at the meeting, as follows:-

- Councillor Cathcart asked if the presentation was part of a formal consultation process or an exercise of public engagement. Dr Moyles explained that this was an engagement exercise, an opportunity to receive the views of the public. The decision in relation to the closure of the walk-in centres in Bury had not yet been made.
- The Chair, Colin Jones commented that it was difficult for those present at the meeting to fully digest the amount of information provided in the presentation and provide instant feedback. It was explained that there were a number of ways people could provide feedback. The proposals were being presented to Township Forums and were available on the Bury CCG website. The consultation period would last until the end of October.
- What were the costs of the Walk-in centres compared with the costs in patients accessing walk-in at an A&E department? Dr Moyles explained that the two services were difficult to compare in terms of costs as the CCG use block contracts - they pay the provider an amount of money to provide the walk-in services as opposed to A&E funding and costs.
- Is there enough capacity to provide services to those groups who are able to access GP appointments and those who don't often use GP services and who subsequently rely on walk-in services? Dr Moyles informed the meeting that in Greater Manchester, the CCG's services are provided in conjunction with the Primary Care standards. That is a minimum of 75, 10 minute-appointments per 1,000 patients per week which may generate up to 50,000 to 60,000 additional appointments - this is the capacity that they have signed up to provide.
- A member of the public present commented that demand for services is increasing yet funding for services is not, is Bury CCG overspending on their budget and would this scheme help to ensure that it stays on budget? It was reported that Bury CCG does not receive near target allocation. This financial year there had been significant investment above inflation - 5 % nationally is where it should be. The CCG had managed their budgets in recent years and the expectation was that it would continue to do so.
- A comment in relation to the need to better manage and improve the NHS 111 service and would resources not be better to improve this service. Councillor Briggs asked about public awareness of services in Bury. The meeting was informed that Bury CCG, as a provider actively monitor and the service which is regulated. It was explained that the CCG learns from the feedback it receives. Margaret O'Dwyer reported

that telephone triage means that people can receive an assessment from the comfort of their home.

- Councillor Cathcart commented on the increasing emphasis on patient self-help such as using the internet to access information.
- Councillor Preston asked how many people used the walk-in Bury? The meeting was informed that 33,000 people had accessed the service in Prestwich and 34,000 in Bury. The statistics reflected a 10,000 reduction year on year. Councillor Preston also asked about people who do not live in Bury accessing the Bury Walk-In Centres. It was reported that funding for the Bury Walk-In Centres was based on the number of people who live in Bury.
- Dr Patel, a Radcliffe based GP commented that fewer Radcliffe residents use the Walk-In Centres than in any other area in Bury. As a local GP, Dr Patel believed that it was better to have re-investment in services and areas in order to make service provision and accessibility more equitable. This new scheme would help to address some of the health inequalities that exist in Radcliffe.

It was agreed:

That the information provided be noted, with thanks.

RTF.244 THE BURY DIRECTORY - UPDATE

The Chair invited questions/comments and representations from members of the public present at the meeting, as follows:-

Katie Wood, Community Network Officer gave a presentation providing an update on the new features of The Bury Directory which was introduced in Bury in 2014.

It was reported that the Directory was an online one stop information point incorporating a wide range of resources under one directory. Contents of the site could be shared on social media, completely optimised for smart phones and tablets. Statistics were showing that hits to the directory were increasing with a projected forecast of 111,160 hits in 2016/2017. It was reported that the next steps were going to be dedicated to supporting neighbourhoods and would include NHS Choices, consultation groups and You Tube 'how to' videos. Community groups would be welcome to join the directory and events being carried out locally could be promoted. Anyone who wished to be included on the site could do this by contacting her or her colleagues within the Social Development Team.

- Councillor Preston was very pleased with the growth of The Bury Directory and asked if there were plans to introduce an App of the directory for the public to download. Katie explained that the directory works in the Web browser on mobiles/tablets, therefore an app is not necessary.

It was agreed:

That the information provided be noted, with thanks.

RTF.245 LOCAL POLICE UPDATE

Inspector Jones attended the meeting in order to provide an update on key police issues in Radcliffe, as follows:-

- Following a number of incidents involving illegal use of off-road bikes, the police had managed to seize 4 bikes during the Summer. The public were asked to report any incidents and note any of the property addresses of off-road bike users.
- Hampton Street - A gate had been erected. At the main entrance to the tow path which would help prevent illegal access.
- The former Rangers hut on Close Park had now been assigned to the police.
- Trading Standards had been involved in investigating the sale of illegal tobacco in 2 shops in the area.
- Drugs warrant had been issued in Compton Place.
- 1 dangerous dog had been seized in the area.
- ASDA Radcliffe - Women's triage set up as part of a scheme to address issue of female shop lifting offending. Female offenders were treated disproportionately by the criminal justice system and this scheme, supported by a local charity would involve an assessment process of those detained for shop lifting offences, to identify and address the issues of why these women are involved in offending.
- Mobile devices - the increase in use of mobile devices was having a positive impact on local policing.
- GMP were looking at a recruitment programme of introducing 2,000 new police personnel over the next 4 years.
- Police and Bury College - joint working initiative with 1st Year Engineering students who would be working on police vehicle maintenance.
- Spring Lane school - Restorative justice initiative with older children mentoring younger children.

The Chair invited questions/comments and representations from members of the public present at the meeting, as follows:-

- Councillor Cathcart welcomed the restorative justice initiative and explained the number of other projects involved in this work locally such as 'Holding Families' and asked if projects like these were being signposted. Inspector Jones confirmed that they were involved and provided an example of a recent case the police and agencies had been involved in which had led to a positive outcome for the family involved in the case. Inspector Jones would email a list of agencies and partnerships to Councillor Cathcart.

It was agreed:

That Inspector Jones be thanked for his attendance and that the information provided be noted.

RTF.246 OPEN FORUM

The Chair invited questions/comments and representations from members of the public present at the meeting. The Township Co-ordinator undertook to obtain a reply to matters that could not be dealt with directly at the meeting:-

- Flooding - concerns raised by a member of the public that the plans unveiled by the Environment Agency at a recent meeting held with Radcliffe and Bury residents would be inadequate in the event of future flooding in the area. Councillor Cathcart, on behalf of Radcliffe Flood Action Group provided an update on this meeting and reported that over 100 residents had been in attendance at the meeting with the Environment Agency. Funding had been signposted; temporary flood defences for 3 locations - at Wharf, Morris St and Close Park to be erected in emergency situations although discussions were continuing on ensuring that the flood defences would be housed nearer to the area. The Leader of the Council, Councillor Shori reported that the Section 19 report into the floods had been issued this week which had including a detailed analysis of all culverts and grits in the area. Due to the experiences in Radcliffe, the area had risen in the pecking order to receive flood defences and it was hoped that adequate flood defences would be in place by 2021.

RTF.246 COMMUNITY FUNDING REPORT

A copy of the Community Funding Report for Radcliffe was submitted setting out details of the funding allocations to date in support of the work of local, community and voluntary groups. The Township Co-ordinated informed the meeting that there was still money available and encouraged constituted community groups to apply for funding.

It was agreed:

That the report be noted.

RTF.248 COMMUNITY FUNDING PANEL

The Township Forum Funding Panel had considered applications for grants from the Community Fund from the following organisations:-

Friends of Radcliffe Manor - £500 awarded towards wider promotional material

Redeeming Our Communities - £500 awarded towards cinema and ballroom dancing for Over 60's clubs

It was agreed:

That the application for funding be approved by members of Radcliffe Township Forum.

RTF.249 ADVISORY GROUP MEMBERS – UPDATE

Carol Kemp, representing Friends of Radcliffe Manor, provided the following update:-

- The Friends of Radcliffe Manor Heritage Weekend had been a success with approximately 200 in attendance, the Church was open and there were now plans in place for it to remain open over the Christmas period.
- Discussions were being held regarding proposals to do bi-monthly exhibitions in church with plans to promote the heritage trail in that section.

It was agreed:

That the information provided be noted, with thanks.

RTF.250 DATE & VENUE OF NEXT MEETING

It was agreed:

That the next meeting of Radcliffe Township Forum would take place on Tuesday 10 January, 2017 at 6 pm, at Radcliffe United Reform Church.

In the Chair – Colin Jones

(Note: The meeting started at 6.00 pm and ended at 8.00 pm)

Bury Council Township Forum Report

The Council has allocated £8,000 to each Township Forum to be allocated through a sub group of the Township forum four times a year in June/July, September, January and March. A maximum of £500 individual grant is available for formally constituted organisations from a Township.

Additionally, a borough-wide allocation of £8,000 is available for "cross-township" applications for activity that takes place across more than one Township. These applications are determined by the Council's Small Grants Panel.

Organisations applying for funding should be running projects which address at least one of the following priorities or one of those detailed in the Township plans:

- Improved employment opportunities
- Improved Community and Safety
- Improved Health and Well being
- Learning Opportunities for local residents
- Community Cohesion, Community Pride and belonging
- Environmental improvements

This report details the applications received for the first two rounds of funding for financial year 1st April 2016 – 31st March 2017.

The next round of meetings will be taking place in January and March 2017.

Welcome to Radcliffe Township Plan

Thank you for taking the time to read the Radcliffe Township Plan. This document provides details on how we plan to tackle some of the local issues we face as a community.

Over the past months, we have had round table discussions at Township Forum meetings where Councillors, Community representatives and other members of the public were present and able to give us their views and share ideas. From this, and other statistical information, we have been able to identify our priority areas for the next three years.

This plan outlines how we will continue to make progress towards the vision for our Township to promote better outcomes for the social, health, economic, and environmental well being of people within our community

Despite the challenging economic climate we continue to strive for improvement, working together with our communities and partner agencies such as the Council, Police and Fire service, health services, faith groups and so on. We have a strong, dedicated, skilled and committed partnership that is working on a range of projects to help us deliver our priorities and improve the quality of life for residents in our community.

Bury Council has a number of key outcomes that underpin its work; delivery of this plan will support these outcomes.

- Reducing poverty and its effects
- Supporting our most vulnerable residents
- Making Bury a better place to live
- One Council, One success together

We would like to thank all our partners and residents for their continued efforts in supporting the Township Forum and the important work it does for the community of Radcliffe.

Colin Jones
**Chair,
Radcliffe
Township Forum**

Who we are and what we do

Radcliffe Township Forum welcomes those who live, work, or have an interest in the area. The forum meets at local venues such as community venues and schools. These meetings are public meetings and we strongly encourage everyone to come along. Discussions are fed back to Bury Council and its partners for appropriate action.

Radcliffe Township Forum is a constituted council committee consisting of all the elected members representing our area and a co-opted advisory group of local representatives from the business community, voluntary organisations and community groups. There are up to nine members on each Advisory Group and a place is also reserved for a young person's representative.

The Forum empowers our communities, promotes the debate of local issues and brings decision making closer to our residents. It seeks to harness the many strengths and assets we have in place here in Radcliffe, including local groups, strong community networks, talented young people, charities and voluntary groups, to work through these issues as a strong and committed partnership.

For further information about your Township Forum please visit [Township Forums](#) or contact Christine Maksymowski, Township Co-ordinator on 061 253 7941, or by email at c.maksymowski@bury.gov.uk

Some facts about Radcliffe

Demography: Bury has a population of 187,900 (August 2016), of these, approximately 35,100 live in Radcliffe. Radcliffe has a high proportion of the total population 22,100 (64.2%) who are of working age, above the borough average of 62%. Jobseeker Allowance Claimants (JSA) in Radcliffe account for 21.1% of the total claimants in the borough.

Deprivation: In terms of measuring deprivation, England is split into small areas called lower super output areas (LSOA). Each LSOA represents approximately 1500 residents. Deprivation is measured over 7 domains: income, employment, health, disability, education and training, barriers to housing and services, living environment and crime. In England there are 32,482 LSOA. In the borough of Bury there are 120 LSOA. Each LSOA is given a ranking, with 1 being most deprived.

Within Radcliffe there are 7 out of the 20 LSOAs in the 25% most deprived in the country. Radcliffe Borough FC/Coronation Road is the most deprived LSAO in Radcliffe. It is within the 5% most deprived in the country overall. There is polarity within the township and deprivation is spatially concentrated around the centre of Radcliffe. Bradley Fold LSOA is within the 20% least deprived LSOA in the country.

Closing the gap: Radcliffe has some affluent areas but also pockets of deprivation and high levels of unemployment leading to inequalities which adversely affect the life chances of many people who live in them. These inequalities between our neighbourhoods mean poorer health, lower levels of education and skills, higher crime and unemployment for people living in these areas. The township plan aims to help close the gap so that the lives of those in the most deprived areas are improved.

Our Assets: Radcliffe has some beautiful parks and green spaces including Close Park and Outwood Forrest with active and enthusiastic friends groups to ensure that these spaces are well maintained. Radcliffe participates in Bury in Bloom and last year was awarded a gold medal. It has a newly built health centre servicing the whole of Bury. There are active Tenants and Residents Association and Voluntary Organisations that are well represented on the Township Forum.

Together we can achieve more!

Radcliffe Township Forum aims to promote better outcomes for the social, health, economic, and environmental well being of people within our community.

We can achieve this by working together to achieve a number of key outcomes:

Key Outcomes:

Our Plan will contribute to the following outcomes:

Improved employment opportunities

Key Issues identified: How to help reduce the number of benefit claimants, the need for more apprenticeships and pathways to work and the lack of employment opportunities locally, especially for young people.

Position at: June 2014 there were 648 (JSA) claimants in Radcliffe which is 21.1% of the total of claimants in Bury

Radcliffe West has the highest number of youth (JSA) claimants (60).

Improve Community Safety

Key Issues identified: Youths Involved in Anti Social Behaviour (ASB). Community concerns regarding drug use and acquisitive crime, crime prevention the need to make Radcliffe Safer.

Current Position: Youth Anti Social Behaviour is an issue in some areas of Radcliffe. Drug related acquisitive crime is on the increase

Improved Health and Wellbeing Outcomes

Key Issues identified: To help improve the health and wellbeing of Radcliffe residents and work across the Children's Centre broad agenda to support children and families.

Current Position: Radcliffe has the highest levels of obesity in Reception Year and Year 6 pupils in the whole of the borough. About 1 in 8 (12%) of Reception Year Children are classified as obese. Almost 1 in 4 (24%) of Year 6 children are classified as obese

Improved Educational Attainment/Learning Opportunities

Key Issues identified: The need to ensure that children are 'school ready'.

Current Position: Some Nursery School children are well below the expected standards and have poor communication skills.

Together we can achieve more!

Radcliffe Township Forum aims to promote better outcomes for the social, health, economic, and environmental well being of people within our community.

We can achieve this by working together to achieve a number of key outcomes:

Community Cohesion, Community Pride and Belonging

Key Issues identified: To promote the positive side of Radcliffe. To make more use of the parks and open spaces and the need to improve Community Engagement and Town Centre Regeneration.

Current Position: Some people have a negative view of the Radcliffe area.

Making a difference

We will measure our performance as follows:

- We will monitor the action plan which will support delivery of these outcomes (an updated action plan will be shared at each Township Forum meeting)
- Bi-annual performance reports in relation to the above outcomes (presented to our Township Forum)

Everybody's Involved

Our Township Area Plan has been drawn together in a number of ways. We have used our knowledge of local people's priorities to focus on those issues which matter most to local people.

Key Group	How have they influenced the Township Plan?
Residents and Community Groups	<ul style="list-style-type: none"> • Consultation activities • Township Forums- open forum issues and round table discussions • PACT meetings
Councillors	<ul style="list-style-type: none"> • Direct involvement in the development of the outcomes for this plan • Consultation activities • Township Forums
