5.2	It was noted that an outcome based 10-year contract will set out the status of existing services provided by Persona and will capture our future ambition to innovate service delivery and meet the changing needs of the partners and customers. The benefit of this approach will give the Council, Persona, and our wider partners a more sustainable commissioning platform on which to develop new and innovative services, sustain a quality and committed workforce and allow opportunities for external funding, broader business development and build on community assets, realising social value, which in turn will benefit the customers and the people of Bury.		
5.3	The contract will also be flexible enough to allow for national policy change which may result in local changes in direction and/or financial restrictions that may be required in response to any such change. The overarching principles in the agreement between partners will minimise any emerging risks and provide reassurance to all parties.

There is a £4.3m overspend on services held within the section 75 pooled budget, £1.9m underspend on aligned services and breakeven position on in-view services. The key overspends are driven by COVID related expenditure, loss of income across Council services and delays in the achievement of savings.
