Funding the Proposals

The Capital proposals will be met as follows:

The proposed proposals will reduce the capital programme by £1.035m. A reduction on borrowing costs has not been factored in due to the fact that some additional leasing costs may be required in the event that some of the planned replacement of vehicles cannot be achieved and required leasing costs over and above those currently budgeted for. Proposals for Whitefield will be funded through the re-purposing of the Radcliffe Investment Fund. Some proposals are expected to achieve grant income/match funding including: Electric Charging Points, Street Light EV Chargers. The figures set out the net budget position.

The Gigg Lane purchase would need to be subject to appropriate due diligence and legal considerations.

The revenue proposals would be funded as follows:

Council Tax

In relation to Council Tax, it is recommended that the Bury element of the Council tax be increased by 3% of which 1.5% relates to the general precept and 1.5% relates to the adult social care levy. An additional contribution to reserves of £0.101m will see general reserves increase from £23.149m to £23.250m at the end of 2021/22. The proposals will reduce the call on reserves in future years. Options to reduce other costs within the Council may be subject formal consultation and equality impact assessments.

S151 Officer Statement (Director of Financial Transformation)

The Local Government Act 2003 places specific responsibilities on the Director of Financial Transformation and the Council's S151 Officer, to report on the robustness of the budget and the adequacy of proposed financial reserves when the authority considering its budget requirement. The council is required to have regard to this report when it sets its budget. There are a range of other safeguards that I must consider to prevent the Local Authority from over committing itself financially, including:

- The balanced budget requirement (England, Scotland and Wales) (Sections 32, 43 and 93 of the Local Government Finance Act 1992);
- The legislative requirement for each local authority to make arrangements for the proper administration of their financial affairs (Section 151 of the Local Government Act 1972).

Given the uncertainties of economic environment and the scale of the expenditure reductions required and the growing demands on services, there are significant risks facing the council in delivering a balanced budget. In fulfilling the various responsibilities placed on me as a Chief Finance Officer, I have considered the financial risks and these are set out in the budget paper for 2021/22. I have considered the additional proposals as set out in this amendment and the financial impact these will have on the overall financial strategy. In overall terms I am of the view that this revenue budget has been prepared on realistic assumptions and that it represents a robust, albeit challenging budget.

I have also undertaken a risk analysis of the adequacy of the reserves and am confident that the projected balances of £23.2m in 2021/22 are adequate.

Formal Council Tax Resolution (Conservative Amendment)

It is recommended:

- That the Council approve the Council Tax requirement for the Council's own purposes (excluding precepts) for 2021/22 as £89.376m;
- That the Council agrees the calculation of the aggregate amounts for the year 2021/22 in accordance with sections 31 to 36 of the Act:

The total increase of 3.00% is not excessive as it is within the 4.99% referendum limit.

The Authority is therefore not subject to a referendum

Other funding

Included within the budget are a number of government grants that are received for specific purposes. Any variations to the level of funding will be matched by an equivalent adjustment in the budget for the respective service.

Business rates funding of £59.204m (including public health grant of £11.642m) to support the council's overall budget. In the event the business rates funding is above or below this level, the variation will be managed by an adjustment to specific reserves.

Details relating to any potential ongoing discretionary reliefs to mitigate the COVID economic impact have not yet been announced. This will form part of the Budget announcement by the Chancellor of the Exchequer due on 3 March. Central Government have requested that bills not be issued until the announcements have been made to avoid the need to rebill.
