

Meeting:						
Meeting Date	26 May 2020	Action	Receive			
Item No.		Confidential	No			
Title	Urology Services Across Bury, Oldham, Rochdale, and Salford					
Presented By	lan Mello, Director of Commissioning					
Author	Mike Ryan, Head of Planning and Delivery, NCA North East Sector Commissioners					
Clinical Lead	Howard Hughes, Clinical Director					

Executive Summary

A Greater Manchester (GM) Model of Care (MoC) for Benign Urology was developed through the GM Improving Specialist Care Programme. This hub and spoke configuration for the delivery of Benign Urology services has been endorsed by the Greater Manchester Joint Commissioning Board (JCB), though implementation has been delayed due to COVID-19.

As a result of the Pennine Acute Trust (PAT) transaction, in April 2021 responsibility for the provision of local Urology services in Bury, Rochdale and Oldham now rests with Salford Royal and will, on completion of the Transaction, formally transfer to NCA.

Colleagues from Bury, HMR, Oldham and Salford CCGs and the Northern Care Alliance (NCA) are jointly working together to improve local Urology services. This work is being overseen by a Programme Board, jointly chaired by two of the CCG Chief Clinical Officers.

This delivery model, which is designed to deliver high quality and accessible services for our patients, would see the establishment of a hub-and spoke model – connecting Salford Royal and Royal Oldham hospitals to locality based spokes, with most care delivered through locality based Urology Investigation Units (UIs).

This paper, which has been co-authored by the locality commissioners and the NCA, is seeking endorsement of the proposed pan-locality delivery model.

Recommendations

- Endorse the key design features of the pan-locality delivery model, which are fully consistent with the Greater Manchester Model of Care (MoC).
- Support a phased approach to mobilisation overseen by the Programme Board.

Links to CCG Strategic Objectives	
SO1 - To support the Borough through a robust emergency response to the Covid-19 pandemic.	

SO2 - To deliver our role in the Bury 2030 local industrial strategy priorities and recovery. SO3 - To deliver improved outcomes through a programme of transformation to establish the capabilities required to deliver the 2030 vision. SO4 - To secure financial sustainability through the delivery of the agreed budget strategy. Does this report seek to address any of the risks included on the Governing Body Assurance Framework?
