Budget Option Description	Disabled Facilities Grant and Housing Assistance Policy

Budget Reduction Proposal – Detail and Objectives

Improved utilisation of Disabled Facilities Grant (DFG)

The DFG is a central government grant that the council receives each year to fund capital adaptions to people's homes so that they can live more independently.

It is currently £2m per year and increases yearly.

The most recent white paper on reforms to Adult Social Care and updated guidance on Disabled Facilities Grant encourages councils to use the Regulatory Reform Order 2002 as part of a published housing assistance policy to innovate in the provision of housing support, assistive technology and streamlining the grant process and speeding up the adaptions process.

Bury will publish a housing assistance policy and use the flexibilities contained within the regulatory reform order to release £250,000 per annum to fund innovation in the areas above.

This policy will be delivered prior to 1st April 2023 at the nearest Cabinet meeting.

	2023/24
Budget Reduction (£)	£250,000
Staffing Reduction (FTE)	0

Section B

What impact does the proposal have on:

Property	
None	
Service Delivery	
Service Delivery would not be affected	
Organisation (Including Other Directorates/Services)	
None	
Workforce – Number of posts likely to be affected.	

0	
Communities and Service Users	
No change in service provision	
Other Partner Organisations	
N/A
