Report to:	Cabinet	Date: 12 July 2023
Subject:	Bury Corporate Plan 2023/24	
Report of	Cabinet Member for Corporate Affairs and HR	

Summary

1. Bury Council has committed to an ambitious community strategy, LET'S Do It! which sets out vision that by 2030 the borough of Bury will stand out as a place that is achieving faster economic growth than the national average, with lower than national average levels of deprivation. To achieve this, all organisations within the Team Bury Partnership develop corporate plans that will directly contribute to achieving the seven high-level outcomes that will contribute to delivering that vision.
2. This report provides details of the Council's corporate priorities for 2023/24, aligned to the planning framework set out in the "3Rs" commitment of Response, Recovery and Renewal. It details some of the key deliverables by quarter and the key performance indicators that will be monitored throughout the year.
3. As has been established through previous Corporate Plans, Cabinet will receive quarterly progress reports which will also be reviewed by Overview & Scrutiny.

Recommendation(s)

4. That Cabinet:
 - Agrees the priority activities that are set to be delivered in 2023/24 against the 3R planning framework.
 - Note the contribution of this activity to the LET'S Do It! Strategy and the target outcomes within.
 - Note the key performance indicators which will be tracked monthly to inform the quarterly reports to Cabinet and Scrutiny.

Reasons for recommendation(s)

5. This report sets out a clear line of sight between the in-year activities of the Council and the vision for the borough agreed in LET'S Do It!. It provides clarity over the priorities for the Council which will enable effective decision making in terms of resource planning and work allocation. This will allow for clear performance management throughout the organisation, by directorate and at an individual level.

Alternative options considered and rejected.

6. No alternative option considered.

Background

7. In 2020 Bury Council and Bury CCG (since July 2022 the NHS Bury Integrated Care Partnership) led the development of the LET'S Do It! Strategy for the borough of Bury which sets out the vision for the next ten years. In 2021 a corporate strategic planning process was established, which provided an annual, strategic corporate plan to guide delivery against the LET'S Do It! Vision.
 8. Bury Council's priorities have been developed to contribute to the LET'S Do It! Outcomes through a focused planning approach of Response, Recovery and Renewal (The 3Rs Approach). This provides a short, medium and long-term timeframe for strategic planning, allowing priorities to be developed which take account of current challenges as well as the 2030 vision.
 9. Each year priorities for the Council are agreed by Cabinet and delegated to the Council's Leadership Team to fulfil. Progress is monitored through a quarterly performance report which tracks delivery against those priorities but also monitors a broader set of key performance indicators.
 10. The performance framework for the Corporate Plan has been designed to provide oversight of "business as usual" to allow Elected Members to scrutinise the overall performance of the Council. There will be further review of this process for the 2023-24 Corporate Plan, including new performance dashboards which will be automated to include the most recent data and the inclusion of financial information.

Introduction

16. The LET'S Do It! strategy presents an ambitious vision. It is a commitment to a decade of reform to tackle deprivation, reduce inequality and boost economic growth at a rate that is faster than the UK average. Each year the Council uses it's Corporate Plan to set out the priority activities it will deliver to contribute to the LET'S Do It! Outcomes.

17. To provide clarity on the direction of the Council, a 3Rs Planning Framework has been adopted to focus activity and ensure a balance between short-term priorities and longer-term strategic development. For every priority within the Corporate Plan milestones have been created which incorporate:
 - **Response:** Dealing with emerging issues and immediate need e.g. the pandemic, Cost-of-Living Crisis, Children's Improvement Plan.
 - **Recovery:** Building on short-term interventions to develop a sustainable model of delivery for the future, taking into account system pressures and changing demand e.g. Health & Care System Reforms, Special Educational Needs Transformation Plan.
 - **Renewal:** Longer term planning requiring large-scale investment, culture change and partnership work e.g. Inclusive Growth, Climate Change and Public Sector Reform.
18. Throughout the year quarterly reports will be provided to Cabinet to monitor progress across the priorities and a wider set of Key Performance Indicators designed to provide transparency and accountability across the full range of Council functions.
19. This process has now been followed for the last two years. In 2022/23, the following key activities were tracked through the Corporate Plan overseen by Cabinet and the Council's Overview & Scrutiny committee:
 - Support to residents and businesses with cost-of-living initiatives. This was underpinned by the development of a Cost of Living and Anti-Poverty strategy through a series of summits with other public sector partners and the voluntary and community sector. The response has included the targeted delivery of Household Support Fund Payments and energy rebates to households in Council Tax bands A-D.
 - Development of a borough-wide Economic Strategy through co-design with residents and businesses, as well as including a new baseline of economic data which models the impact of COVID-19 on key economic indicators.
 - Progress towards carbon neutrality with progress in decarbonising publicly owned buildings.
 - Expanding the public service reform agenda through embedding the neighbourhood model which now includes caseworkers from the Health and Care Integrated Neighbourhood Teams; Children's Early Help and a pilot network around Improving Adult Lives. A parallel focus on place-based community engagement is increasingly visible through the network of community groups and the leadership of our Voluntary, Community and Faith Alliance (VCFA).
 - Health and care transformation has continued, despite the increasingly difficult challenge of recovery following the pandemic, across the planned priorities of urgent care; planned care, community-based services, mental health, and wellbeing and learning disabilities. 2022 also saw the transition of the Clinical Commissioning Groups into the NHS GM (Greater Manchester) ICS

(Integrated Care System) in July and a place-based lead for Bury agreed.

- A Children's Improvement Plan has been developed and agreed with Ofsted, with Programme Governance and an Improvement Programme Board established to monitor progress. Further Ofsted Monitoring Visits took place in June and October.
 - Delivery of strategic regeneration sites in Prestwich, Ramsbottom, and Radcliffe, including the Bury and Radcliffe Levelling Up Schemes has started. Consultation with the public on the draft Bury Town Centre Masterplan and the draft Ramsbottom Town Centre Plan is now complete.
20. In developing the Corporate Plan for 2023/24 a number of factors have been taken into consideration by undertaking a horizon scan against the 3Rs planning framework of response, recovery and renewal:
- The cost of living increased sharply across the UK during 2021 and 2022. The annual rate of inflation reached 11.1% in October 2022, a 41-year high, before easing in subsequent months. It was 8.7% in May 2023. The Bank of England's base interest rate is now its highest in 15 years at 5%. This situation has put increased pressure on residents and businesses to manage household and workplace budgets. As such responding to the need for additional support whilst also implementing the longer-term actions within the Anti-Poverty Strategy remains a key priority.
 - Following the Ofsted inspection in December which rated our Children's Services as Inadequate, there has been a consistent and committed approach to delivering an improvement program, This has involved staff from across the Council and the wider partnership dedicating time and resource to getting our services back to good or better. Ensuring our children are safe, happy and healthy remains a top priority for the Council. Whilst there have been several follow-up visits from the Department of Education to monitor progress which have reported signs of improvement, this needs a relentless focus to ensure improvements are sustained and other areas reach the required standards.
 - To achieve the vision of the LET'S Do It! Strategy, inclusive economic growth needs to be a key priority for the Council. The challenge of delivering economic growth has been made harder by cost-of-living crisis and the impact on business confidence. As such, working with Town Centres Boards across the borough and Economic Development Partners in Bury, Prestwich and Radcliffe requires continued focus within the Corporate Plan to ensure delivery remains on track and our communities can benefit from the investment in the regeneration and renewal of our towns and neighbourhoods.
21. These three issues will therefore be recognised as the top three priorities within the 2023/24 Corporate Plan. Other priorities have been carried forward from the previous Corporate Plan and reflect the commitments made by the Council to the high-level outcomes set out in the LET'S Do It! Strategy, namely:

- Improved quality of life
 - Improved early years development
 - Improved educational attainment for our young people
 - Increased adult skill levels and employability
 - Delivering inclusive economic growth
 - Delivering carbon neutrality by 2038
 - Improved digital connectivity
22. A number of these outcomes require a whole system approach and as such are overseen by Partnership Boards which regularly report into the Team Bury governance. Priorities for these partnerships are reviewed on an annual basis following the production of the State of the Borough Report. Performance against these priorities is managed through the appropriate Partnership Governance.
23. Priorities for 2023/24 are largely a continuation of the work from previous years as the workstreams represent long-term challenges which will require a multi-year, multi-agency approach:

Performance Management

28. To effectively monitor and manage progress against the Corporate Plan a new approach to performance reporting is being adopted in 2023/24. This will see the authority move from monthly highlight reporting to a more detailed quarterly report which will bring together the delivery activity and key performance indicators.
29. This year, for the first time, financial data taken from the Medium Term Financial Strategy Savings Tracker will also be incorporated into the Quarterly Report to provide a total performance picture of activity, outcomes and budget. Based on this information, priorities may be revisited and some timings may be updated to reflect emerging issues or unanticipated delays.
30. To achieve this a new performance management framework has been agreed with each Executive Director to provide oversight of all service areas and ongoing monitoring information which can be updated either monthly or quarterly, depending on when the data is released. This data will be shared with the relevant Cabinet Lead during portfolio briefings.
31. Performance dashboards are now being built to present this information in an accessible format, include trend information and benchmarking data. Target setting workshops will be held in Quarter One with the aim of all measures having performance targets by Quarter Two. A summary of the performance metrics in development is included overleaf.

Conclusion and Next Steps

32. This report sets out the Council's Corporate Plan for 2023/24. It takes account of the current pressures facing residents and business across the borough and looks to support our communities by targeting resources to where they are most needed. Whilst remaining focused on the LET'S Do It! Vision, the Plan also reflects current need and organisational priorities as well as using data to better understand the performance of the full range of Council services.
33. This Plan will be a live document, under constant review by the Chief Executive and the Council's Leadership Team. Cabinet Members will be updated on progress regularly through the standardised Portfolio agendas and via a quarterly report to Cabinet and Overview & Scrutiny.

Recommendation

34. That Cabinet:
 - Agrees the priority activities that are set to be delivered in 2023/24 against the 3R planning framework.
 - Note the contribution of this activity to the LET'S Do It! Strategy and the target outcomes within.
 - Note the key performance indicators which will be tracked monthly to inform the quarterly reports to Cabinet and Scrutiny.
