Labour Agreed Notice of Motion

Health inequalities  
motion vv (4).docx

- Ensure Bury aligns its approach with a ‘Marmot Town’ and joins a growing number of ‘Marmot Places’, which include cities, towns and regions (including Greater Manchester), that are working with UCL Institute of Health Equity to reduce health inequalities.
  - together with its partner organisations, be required to establish innovative ways of tackling inequalities within existing resources, working in partnership with communities using a coproduction approach.
  - through the Health Scrutiny Committee, and the Health and Wellbeing Board, hold the leaders across the health and care system to account for looking beyond the interests of their own organisations and driving forward improvement in health and wellbeing outcomes for the residents of Bury, leading a cultural change to a health and care system in which different organisations work together to narrow the gap in inequalities across the town.
  - set itself an ambition to integrate preventive action into all decision making to tackle inequalities utilising a “Health in all Policies” approach.
- *A Team Bury event took place on 5<sup>th</sup> December which focused on health inequalities. A formal write up has been completed outlining the key issues raised which is being presented back to the Health and Wellbeing Board in February.*
  - *The health inequalities outcome framework is being updated to integrate the Marmot town indicators, and an implementation plan is under development with partners which will contain innovative ways of tackling inequalities.*
  - *The Health and Wellbeing Board will continue to advocate for health in all policies through scrutiny of strategy, plans and proposed policies in all areas linked to wider determinants of health.*
