

**(i) Urgent Cabinet Decision – March 2024
Re. New Kershaw Centre / Spring Lane PRU Re-location Project**

Decision taken:

To approve the proposal to extend the procurement exemption granted at Cabinet of December 2023.

Full details are included in a confidential report.

The reason why this decision was urgent and could not be reasonably deferred was:

As a result of unexpected condition issues with the New Kershaw Centre building encountered once construction works were started, it is necessary to extend the initial procurement exemption granted in December 2023. This exemption relates to the main contractor appointment only.
