Due to the knowledge built when undertaking the Neighbourhood Asset Review, AA Projects it is felt a direct award is the most appropriate procurement route to take.

Decision:

Bury Council have identified Drees & Sommer (now incorporating AA projects) to develop schedules for the c.60 building owned by Bury Council and offer recommendations for future use. This will be via a direct award, against Lot 8 of the SBS Framework.

Drees and Sommer projects previously carried out a piece of intensive work on the Neighbourhood Asset Review (NAR), so have prior level of detail of the project and our goals as part of the Future Asset Programme.
