

Equality Impact Analysis

This equality impact analysis establishes the likely effects both positive and negative and potential unintended consequences that decisions, policies, projects and practices can have on people at risk of discrimination, harassment and victimisation. The analysis considers documentary evidence, data and information from stakeholder engagement/consultation to manage risk and to understand the actual or potential effect of activity, including both positive and adverse impacts, on those affected by the activity being considered.

To support completion of this analysis tool, please refer to the equality impact analysis guidance.

Section 1 – Analysis Details (Page 5 of the guidance document)

Name of Policy/Project/Decision	Draft Northern Gateway Development Framework Supplementary Planning Document
Lead Officer (SRO or Assistant Director/Director)	Cris Logue
Department/Team	Business, Growth and Infrastructure
Proposed Implementation Date	6 th November 2024
Author of the EqlA	Fran Smith
Date of the EqlA	1 st October 2024

1.1 What is the main purpose of the proposed policy/project/decision and intended outcomes?

Draft Northern Gateway Development Framework (NGDF) Supplementary Planning Document (SPD) supports Policy JPA1.1 of the Places for Everyone Joint Plan (PfE) which was adopted in March 2024.

The draft NGDF establishes the key principles for the development of the site and establishes a framework against which future planning applications on the site will be considered, sets out high level design principles and an approach to the delivery and phasing of infrastructure. In order to give the Framework additional planning weight in decision making, it is proposed that it is adopted as a Supplementary Planning Document (SPD).

It is proposed that the draft SPD is subject to a seven-week period of consultation in order to establish stakeholder views on its content.

Section 2 – Impact Assessment (Pages 6 to 10 of the guidance document)

2.1 Who could the proposed policy/project/decision likely have an impact on?

Employees: **No**

Community/Residents: **Yes**

Third parties such as suppliers, providers and voluntary organisations: **Yes** – site developers, businesses

If the answer to all three questions is 'no' there is no need to continue with this analysis.

2.2 Evidence to support the analysis. Include documentary evidence, data and stakeholder information/consultation

Documentary Evidence:

Places for Everyone Joint Development Plan and supporting evidence

Data:

[Places for Everyone Joint Development Plan and supporting evidence](#)

Stakeholder information/consultation:

Places for Everyone has been subject to consultation at various stages and has been subject to an examination by Government-appointed Inspectors.

2.3 Consider the following questions in terms of who the policy/project/decision could potentially have an impact on. Detail these in the impact assessment table (2.4) and the potential impact this could have.

- Could the proposal prevent the promotion of equality of opportunity or good relations between different equality groups?
- Could the proposal create barriers to accessing a service or obtaining employment because of a protected characteristic?
- Could the proposal affect the usage or experience of a service because of a protected characteristic?
- Could a protected characteristic be disproportionately advantaged or disadvantaged by the proposal?
- Could the proposal make it more or less likely that a protected characteristic will be at risk of harassment or victimisation?
- Could the proposal affect public attitudes towards a protected characteristic (e.g. by increasing or reducing their presence in the community)?
- Could the proposal prevent or limit a protected characteristic contributing to the democratic running of the council?

2.4 Characteristic	Potential Impacts	Evidence (from 2.2) to demonstrate this impact	Mitigations to reduce negative impact	Impact level with mitigations Positive, Neutral, Negative
Age	Positive	PfE has been subject to an Integrated Appraisal and part of this has involved and Equality Impact Assessment which has considered in its scope, the likely effects on discriminatory practices; the potential to alter the opportunities of certain groups of people; and/or effect on relationships between different groups of people. Actions required to mitigate/reduce/eliminate negative impacts or to complete the analysis

2.5 Characteristics	Action	Action Owner	Completion Date

Section 3 - Impact Risk

Establish the level of risk to people and organisations arising from identified impacts, with additional actions completed to mitigate/reduce/eliminate negative impacts.

3.1 Identifying risk level (Pages 10 - 12 of the guidance document)

Impact x Likelihood = Score			Likelihood			
			1	2	3	4
			Unlikely	Possible	Likely	Very likely
Impact	4	Very High	4	8	12	16
	3	High	3	6	9	12
	2	Medium	2	4	6	8
	1	Low	1	2	3	4
	0	Positive / No impact	0	0	0	0

Risk Level	No Risk = 0	Low Risk = 1 - 4	Medium Risk = 5 – 7	High Risk = 8 - 16
-------------------	--------------------	-------------------------	----------------------------	---------------------------

3.2 Level of risk identified	0
-------------------------------------	---

3.3 Reasons for risk level calculation	The impacts considered under section 2.4 show that the activity will have either positive or neutral impacts on the various groups identified.

Section 4 - Analysis Decision (Page 11 of the guidance document)

4.1 Analysis Decision	X	Reasons for This Decision
There is no negative impact therefore the activity will proceed	X	
There are low impacts or risks identified which can be mitigated or managed to reduce the risks and activity will proceed		
There are medium to high risks identified which cannot be mitigated following careful and thorough consideration. The activity will proceed with caution and this risk recorded on the risk register, ensuring continual review
