

# **Equality Impact Analysis**

This equality impact analysis establishes the likely effects both positive and negative and potential unintended consequences that decisions, policies, projects and practices can have on people at risk of discrimination, harassment and victimisation. The analysis considers documentary evidence, data and information from stakeholder engagement/consultation to manage risk and to understand the actual or potential effect of activity, including both positive and adverse impacts, on those affected by the activity being considered.

To support completion of this analysis tool, please refer to the equality impact analysis guidance.

# 1.1 What is the main purpose of the proposed policy/project/decision and intended outcomes?

The aim of this jointly produced Supplementary Planning Document (SPD) is to provide guidance on, and to facilitate, the timely provision of required mitigation at Holcroft Moss, within the Manchester Mosses Special Area of Conservation.

The draft SPD has been subject to a six-week period of consultation in order to establish stakeholder views on its content.

## Section 2 – Impact Assessment (Pages 6 to 10 of the guidance document)

# 2.1 Who could the proposed policy/project/decision likely have an impact on?

Employees: No

Community/Residents: Yes

Third parties such as suppliers, providers and voluntary organisations: **Yes** – site developers

If the answer to all three questions is 'no' there is no need to continue with this analysis.

# 2.2 Evidence to support the analysis. Include documentary evidence, data and stakeholder information/consultation Documentary Evidence:

Places for Everyone Joint Development Plan and supporting evidence

#### Data:

Places for Everyone Joint Development Plan and supporting evidence

#### Stakeholder information/consultation:

Places for Everyone has been subject to consultation at various stages and has been subject to an examination by Government-appointed Inspectors.

# 2.3 Consider the following questions in terms of who the policy/project/decision could potentially have an impact on. Detail these in the impact assessment table (2.4) and the potential impact this could have.

- Could the proposal prevent the promotion of equality of opportunity or good relations between different equality groups?
- Could the proposal create barriers to accessing a service or obtaining employment because of a protected characteristic?
- Could the proposal affect the usage or experience of a service because of a protected characteristic?
- Could a protected characteristic be disproportionately advantaged or disadvantaged by the proposal?
- Could the proposal make it more or less likely that a protected characteristic will be at risk of harassment or victimisation?
- Could the proposal affect public attitudes towards a protected characteristic (e.g. by increasing or reducing their presence in the community)?
- Could the proposal prevent or limit a protected characteristic contributing to the democratic running of the council?

### Section 3 - Impact Risk

Establish the level of risk to people and organisations arising from identified impacts, with additional actions completed to mitigate/reduce/eliminate negative impacts.

### 3.1 Identifying risk level (Pages 10 - 12 of the guidance document)

Impact x Likelihood = Score		Likelihood				
		1	2	3	4

Section 4 - Analysis Decision (Page 11 of the guidance document)

4.1 Analysis Decision	X	Reasons for This Decision
There is no negative impact therefore the activity will proceed	Х	
There are low impacts or risks identified which can be mitigated or		
managed to reduce the risks and activity will proceed		
There are medium to high risks identified which cannot be mitigated		
following careful and thorough consideration. The activity will proceed		
with caution and this risk recorded on the risk register, ensuring		
continual review
