Q22. If you don't go to a pharmacy for any services, who or which organisation, if any, would you contact if you wished to get information:

Q23. Are there any other services you would like your pharmacy to offer?

- Q24. If Yes to Q23, please explain
- Minor skin conditions. They say they do but just refer you to GP.
 - Weekend opening
 - Basically be there to help as the GP never has appointments or the out of hours since they shut them
 - Open on a Saturday
 - I would like to know exactly what services they can provide. Perhaps some leaflets or posters in the pharmacy.
 - Blood tests
 - Pharmacy stopped delivery service but this was useful when working
 - Products for Stoma
 - It has been brought to my attention that our pharmacies across Bury are going to be unable to process repeat prescription orders. I think this is a real shame as my elderly parents rely on this service and it is not going to make getting their regular prescriptions very easy for either them or for myself to order them for them. It was a good service and such a shame that Bury GPs are stopping this.
 - Advise when medication is not available
