2. Introduction / Background

This annual report reflects the progress made since the first refresh of the Bury Tobacco Control Strategy, and the future plans for tobacco control work in Bury.

The 3 key objectives of the Bury Tobacco Control Strategy that the Bury Tobacco Alliance promotes and supports are:

- Enabling smokers in Bury who want to quit, to be able to quit with the right support.
- Tackling the accessibility of tobacco products for young people, particularly in relation to illegal and illicit tobacco, underage sales and niche products.
- Protecting children, families and communities from the effects of second hand smoke.

We move into 2015 with these in mind and continue to use local knowledge and intelligence to inform our activities and service provision, and also to use regional and national campaigns to support our work locally.
