Welcome to Bury East Township Plan

Thank you for taking the time to read the Bury East Township Plan. This document provides details on how we plan to tackle some of the local issues we face as a community.

Over the past few months we have held round table discussions at Township Forum meetings where Councillors, Community representatives and other members of the public were present and able to give us their views and share ideas. From this and other statistical information, we have been able to identify our priority areas for inclusion in our action plan for 2015/16.

This plan outlines how we will continue to make progress towards the vision for our Township to promote better outcomes for the social, health, economic, and environmental well being of people within our community.

Despite the challenging economic climate we continue to strive for improvement, working together with our communities and partner agencies such as the Council, Police and Fire service, health services, faith groups and so on. We have a strong, dedicated, skilled and committed partnership that is working on a range of projects to help us deliver our priorities and improve the quality of life for residents in our community.

Bury Council has a number of key outcomes that underpin its work; delivery of this plan will support these outcomes.

- Reducing poverty and its effects
- Supporting our most vulnerable residents
- Making Bury a better place to live
- One Council, One success together

We would like to thank all our partners and residents for their continued efforts in supporting the Township Forum and the important work it does for the community of Bury East.

Lesley Wildeman
Chair,
Bury East
Township Forum

Who we are and what we do

Bury East Township Forum welcomes those who live, work, or have an interest in the area. The Forum meets at local venues such as community centres and schools. These meetings are public meetings and we strongly encourage everyone to come along. Discussions are fed back to Bury Council and its partners for appropriate action.

Bury East Township Forum is a constituted council committee consisting of all the elected members representing our area and a co-opted advisory group of local representatives from the business community, voluntary organisations and community groups. There are up to nine members on each Advisory Group and a place is also reserved for a young person's representative.

The forum empowers our communities, promotes the debate of local issues and brings decision making closer to our residents. It seeks to harness the many strengths and assets we have in place here in Bury East, including local groups, strong community networks, talented young people, charities and voluntary groups, to work through these issues as a strong and committed partnership.

Some facts about Bury East

Demography: Bury has a population of 186,500. Of these, approximately 34,047 live in Bury East. Of the population of Bury East 57.1% are Christian, 17.8% are Muslim and 17.8% have no religion or do not say what religion they are.

Deprivation: In terms of measuring deprivation, England is split into small areas called super output areas (LSOA). Each LSOA represents approximately 1500 residents. Deprivation is measured over 7 domains: income, employment, health, disability, education and training, barriers to housing and services, living environment and crime. In England there are 32,482 LSOAs. In the borough of Bury there are 120 LSOAs. Each LSOA is given a ranking, with 1 being most deprived.

Many areas of Bury East are consistently in the 20% most deprived super output areas in the country (52.3%). Bury East has 5 LSOA's in the top 10% of most deprived LSOA's in Bury and 4 in the top 10% of most deprived in England. Chesham Fold is in the 1% most deprived nationally.

Closing the gap: Deprivation levels are a major concern to us and recent data shows conclusively that Bury East suffers higher than average levels of health inequalities compared with the other Townships in Bury. Inequalities between our neighbourhoods mean poorer health, lower levels of education and skills, higher crime and unemployment for people living in Bury East. Our Township Plan aims to close the gap so that the lives of those in the most deprived areas are improved.

Our Assets: Bury East has much to be proud of, it is a popular place to live; it has some beautiful parks and green spaces such as Openshaw Park and active and enthusiastic Friends Groups. The area is diverse and different religions and cultures are celebrated. The area has also seen significant levels of investment in recent times, in particular around the Pimhole area.

We seek to harness the many strengths and assets we have in place here in Bury East, including local groups, strong community networks, talented young people, charities, voluntary groups and community buildings, so that together we can work as a strong and committed partnership.

Together we can achieve more!

Bury East Township Forum aims to promote better outcomes for the social, health, economic, and environmental well being of people within our community.

We can achieve this by working together to achieve a number of key outcomes:

Key Outcomes:

Our Plan will contribute to the following outcomes:

Improved Employment Opportunities

Key Issues identified: The need for more apprenticeships and improved pathways to work for younger residents (16-24yr olds).

Current Position: June 2014 figures show there are 960 JSA claimants in Bury East, accounting for 31% of the total claimants in Bury.

Bury East has the highest number of youth (JSA) claimants (285)

Educational Attainment/Learning

Key Issues identified: The need to ensure that children are school ready.

Current Position: Some Nursery School Children are well below the expected standards and have poor communication skills.

Improved Health and Wellbeing

Key Issues identified: Main issues identified focus on Town Centre alcohol issues and hospital admissions related to alcohol. Areas of concern also exist around mental health and the impact of worklessness on this issue.

Current Position: Bury East has the highest number of alcohol related hospital admissions within the borough (975). East ward has the highest proportion of ESA claimants in the borough and figures show that 43% of ESA claims are due to mental health issues.

Improved Community Safety

In Bury East significant issues exist around alcohol related anti-social behaviour (ASB), with the main concentration around the Town Centre. Perceptions of crime continue to be relatively high which indicates that more needs to be done to reassure people.

Bury East Township Forum aims to promote better outcomes for the social, health, economic, and environmental well being of people within our community.

We can achieve this by working together to achieve a number of key outcomes:

Community Pride & Belonging

In Bury East we have a diverse community with residents from different cultures and religions.

The Bury Council Community Cohesion Plan has now been agreed and published. We have limited representation in the Township Forum from the different faith groups in Bury East.

Making a difference

We will measure our performance as follows:

- We will monitor the action plan which will support delivery of these outcomes (an updated action plan will be shared at each Township Forum meeting)
- Bi-annual performance reports in relation to the above outcomes (presented to our Township Forum)

Everybody's Involved
